Hello Emily,

My family and I moved into Ladd Park recently and just found out about the plans for annexing the land south of our subdivision and we are not in support of this and the idea of developing this land into a development with transient people coming into my neighborhood for a hotel, increasing congestion and ruining the feel of the area I lived and purchased in. If we had wanted to live by a Cool Springs type area we would have moved there. I understand that revenue helps the city but I also think we need to consider the people's that choose to live in Franklin, especially Ladd Park, and why we have chosen to live here. Please stop this development plan. Please help us keep the peaceful setting we were all looking for when purchasing homes here. We love it here.

What else can we do to stop this?

Thank you for your services and time!

Regards,

Mark Brandley
