Re: Rezoning and approval of Iron Horse Community Concept Plan

Dear Mayor Moore and Aldermen:

On October 16, 2016 the Session of First Presbyterian Franklin met with Embrey Partners to hear a presentation and discuss the development south of our church building.

The development is in keeping with the Franklin Road neighborhood and is proposed to be of high quality. The traffic issues have been addressed at Legends Club Lane and Mallory Lane.

We endorse both the rezoning and concept plan.

There are three issues that we will be discussing as site plans are developed. These are addressed in a separate letter.

We appreciate the diligence of the COF staff in following the guidelines for zoning and land use.

If you have any questions please contact me. I am the designated representative of First Presbyterian Church.

Yours truly;
