Good Morning

I am pleased to announce that TDOT has concurred with Eutaw Construction Company, Inc., (\$11,995,005.13) as the lowest responsive bidder. You are hereby approved to inform them they are the lowest responsive bidder and to set up the mandatory pre-construction meeting. This pre-construction meeting must be held in a location with a landline telephone so that TDOT personnel can attend by telephone.

At this mandatory pre-construction meeting you are required to have in attendance a representative from TDOT's Materials & Test Division. Please contact Kevin Isenberg at (615) 350-4314 or via e-mail at kevin.isenberg@tn.gov. He will need a copy of the final design plans, the detailed cost estimate, and the awarded contractor's bid book before the pre-construction meeting. Also, you will need to invite a representative from Region 3 Construction Office to the pre-construction meeting. Shay Deason at the Region office can be reached at 615-350-4342 or via e-mail at Shay.Deason@tn.gov. He needs a copy of the final design plans, the detailed cost estimate, and the awarded contractor's bid book prior to the pre-construction meeting. In addition, please also contact Erin Brake with the Headquarters Materials and Tests at (615) 350-4116 or via e-mail at Erin.Brake@tn.gov. Each of these contacts needs a minimum 14 day notice in advance of the pre-construction meeting.

Electronic PDF's I must have for my information include:

- 1. The letter that is sent to the contractor advising them they are the successful bidder.**
- 2. The notice to proceed to the contractor and the date the contractor actually starts work on the project site.**
- 3. The contract between the City and the contractor.**
- 4. Please see the Local Programs homepage for the required DBE forms on the project.**

Please feel free to contact me if you have any questions.
