All Customer Service and Cash Handling Team Members

Policy for Beer & Wine Purchases

All Cashiers, or anyone else handling beer and wine purchases, must request a valid identification from any customer under the age of 30, attempting to make a beer/wine purchase.

Valid identification means it must be an unexpired, state issued with a picture, such as a driver's license, military ID, state issued identification card or passport. Student ID's are not valid in determining age.

Although it is often hard to tell the age of the purchaser, as a Cashier, it is **your** responsibility to make sure the person is of legal purchasing age, the identification is valid and the ID photo matches the purchaser. If at anytime you do not feel comfortable asking a customer for identification, you are not certain the identification is valid or you suspect the purchaser may be intoxicated, you should ask your Supervisor, ACSTL or CSTL to assist you. It is also a violation of the law to sell beer or wine to customers who appear to be intoxicated. Do not sell beer or wine to anyone making purchases for an intoxicated person. Be safe, not sorry!

Although the state law requires that a customer must be 21 years of age or older to make a beer/wine purchase, as a precautionary measure, at *Whole Foods Market*, **you are required to ask for an identification from any customer thought to be under age 30.** Signs will be posted in the Beer and Wine department and at our registers to remind our customers and you, how important it is to show a valid identification when making beer/wine purchases.

As a company, we are subject to significant fines and can potentially lose our license to sell beer/wine if we sell alcoholic beverages to minors, either intentionally or unintentionally. As a Cashier, by law, you **can and will** personally be held responsible, including fines, arrest and even jailed if you sell beer/wine purchases under the legal purchasing age, intentionally or unintentionally. Because this matter is so serious, **any Cashier who is shopped by the Department of Alcohol and Beverage Control, fails to require a valid identification and sells to someone under the legal purchasing age of 21, will be SEPARATED.** The choice to go to another department or receive a warning is not an option.

Your store leadership will be spot-checking to make certain everyone is following this policy. If you are not asking for identification from purchasers under 30, you will receive a verbal reminder followed by a written warning. Again, this is an important policy that we all must follow. It is for your protection, as well as our customers! Review the attached training materials for additional information.

Thanks for your cooperation!

Please sign below, confirming you have read and understand our policy. It will be placed in your file for future reference.

Beer / Wine Sales Procedures

Please review the Beer & Wine Carding Policy with your Team Leader and make sure that you understand it!

To enable you, the Cashier, to properly identify the correct age of a customer purchasing alcohol, a birth date **MUST be entered for all beer and wine purchases**. The following register procedure is to be done at the point of sale:

Register Procedure:

Request ID from customer (see valid forms on next page)

Scan the beer or wine item

The cashier will **NOT** be able to proceed past the prompt. (If you try to enter past the prompt you will see "B027 Sale Restricted"*. You will press CLEAR and scan the item again, and then put in the birth date. In other words, you cannot sell the item without putting in a birth date.)

Screen will display "B108 'ID CHECK NEEDED" and the name of the item scanned

Enter the (6) digit date of birth from the customer's ID (i.e. 042863)

If the customer is of legal age, the register will process the sale

If the customer is **UNDERAGE**, the screen displays 'B027 SALE RESTRICTED'. **Do not continue with the sale of alcoholic beverage to the customer! Call a supervisor for assistance.**

This transaction will allow you to correctly (and legally) process an alcoholic beverage sale in your store. If at any time you are unsure that the customer's ID is legitimate, **CALL A**

SUPERVISOR! Always look at the customer and the picture on the ID. Make sure that they are

the same person!

Illegal Sales to Underage Persons

- No sales are permitted to under age persons, who are defined under most ABC laws as persons less than 21 years of age.
- Do not allow a person less than 21 years of age to possess or consume alcoholic beverages on the licensed premises.
- Do not sell alcoholic beverages to anyone, **even if they are of age**, which you know or believe is buying on behalf of an under-age person. **IMMEDIATELY CALL A SUPERVISOR FOR ASSISTANCE.**
- Selling or serving to an underage person may subject you to both criminal and administrative penalties

Determining Legal Age

In determining whether a customer is underage, you should first examine the general appearance and behavior of the person. If any doubts are present in your mind as to whether the purchaser is 21 or older, request identification (ID). Examples of acceptable forms of ID are a **valid driver's license, armed forces ID card, passport or visa; a special ID card issued by a state Department of Motor Vehicles; or any valid ID issued by a federal or state agency. A STUDENT ID is not valid** in determining age. All valid forms of ID must contain a photograph and signature of the subject, along with height, weight and date of birth. An ID with an expired date is not acceptable.

Checking IDs

Be aware that the use of false IDs by underage persons is a widespread and serious problem for all licensees. The three types of false IDs are:

Altered ID: This type of ID has been physically changed after it was issued. Typically only the birth date and year are altered.

Counterfeit ID: This type of ID may appear valid, but it is totally fraudulent. Common counterfeits include birth certificates, driver's licenses, and ID cards.

Someone else's ID: In this case the ID is authentic, but it does not belong to the person presenting it. In determining whether the ID is authentic, you should examine it closely and look for any erasures, smudges, or misaligned letters and numbers. Carefully examine the picture to make sure it matches the person using it. Ask the person questions about the information on the ID such as address and birth date. It is also a good idea to request a second ID if you doubt the authenticity of the first one. If you have any doubts about a person's age after examining their ID, do not make the sale.

Alcoholic Purchases Information

Violations of ABC Laws and Penalties

Violations or suspected violations may be reported to the ABC Department (or other oversight agency) by Special Agents, police officers, or any concerned citizen.

Penalties for Underage Purchase

State law may provide penalties for underage persons who use false IDs in attempting to purchase alcoholic beverages. This is a may be misdemeanor offense (depending on the state and/or jurisdiction) and carries a fine, community service, or suspension of the offender's driver's license for up to one year. Licensees should be aware that they may (depending on the jurisdiction) be immune from being penalized by the ABC Board if they promptly notify the Board or other law enforcement officers whenever they suspect an under-age person has used or attempted to use a false ID to purchase alcoholic beverages in their establishment.

Valid Forms of ID:

- **Must be non-expired state or government issued**
- **Driver's license**
- **Non-driver's Identification card**
- **Military ID**
- **Passport**
- **Visa**

Intoxicated Customers

Do not sell or serve alcoholic beverages to intoxicated persons, or allow someone else to purchase alcoholic beverages for intoxicated persons.

Do not allow an intoxicated person to consume or possess alcoholic beverages on the premises of your business.

Do not allow an intoxicated person to loiter on the premises of your business.

Violating any of the above laws may expose you to both criminal and administrative penalties.

Signs of Intoxication

It is the responsibility of the licensees and their employees to make sure that no one is allowed to become intoxicated on the licensed premises, and that anyone who enters the establishment in an intoxicated condition not be allowed to purchase or consume alcoholic beverages. Licensees and their employees should look for warning signs when identifying intoxicated persons including:

Impaired vision or speech

Lack of concentration

Clumsy actions such as difficulty in walking or holding a drink

Difficulty in lighting a cigarette

Red or watery eyes

Disoriented appearance

Person is overly loud or friendly

Person is overly quiet

Please remember that as a cashier, it is not within your responsibilities to handle a customer who appears to be intoxicated. Immediately call a supervisor or Store Leadership for assistance with the situation.
