There must be something that can be done to accomodate these folks who want to live in a nice area but cannot afford extremely expensive living. 39	Small office/retail may also work well. The hill may be a challenge, but that corner could be a strong anchor. This would also continue the retail/commercial nature of this stretch of Hillsboro that currently exists on both sides of the property.	3/2/2018 5:15 PM

43	Restaurants, bookstore, souvenir gift stores	3/1/2018 12:05 PM
44	I believe that there should be even greater density if housing is chosen for the site, but detached homes. (Lots as small as 30'x100' would make for good density.)	2/28/2018 4:06 PM
45	a mix of affordable housing and park space	2/26/2018 2:03 PM
46	Only multi-family with some real density will make an impact on affordable housing needs, or provide scale for enough return for a developer. After access improvement and fees, with current labor shortages and construction costs, a larger number of units will be needed. A civic facility there, no matter how nice, will not be used. It will be a relatively empty park due to the local street and real pedestrian use in the area. Of not apartments, then high density attached products, such as townhomes, but this will not be affordable without either very low cost land and/or tax incentives.	2/26/2018 12:25 PM

149	I'm not sure. I think the site demands something to take advantage of the views that will also be prominent on the Hill. This would not be a good location for City Hall, and I'm not sure what other Civic / Institutional need we have. Open parks are satisfied across the street. Low density housing is a missed opportunity. Mixed-Use with dense housing is a potential win. Overall, none of these options are particularly inspiring.	2/15/2018 7:14 PM

276	Simple green space — place for picnic, dogs	2/20/2018 10:32 PM

279	Mixed use Playground similar to Pinkerton. Soccer field, basketball courts, etc.	2/20/2018 7:36 PM
280	We do not need a recreational design for this space. There are already plenty of those. What Franklin lacks is affordable housing to promote economic diversity in the city.	2/20/2018 7:34 PM
281	walking / jogging trails, children's play area, multi-use courts (tennis, pickleball basketball), multi-use field(s), benches, trees.	2/20/2018 6:30 PM
282	Open park grounds to be respectful of the nearby cemeteries	2/20/2018 5:23 PM
283	The use of the Hill Property as a park to complement bi-centennial (which i'm sorry is not really a park, but rather a pass through that's beautifully landscaped) with picnic areas, play areas and a gathering spot would be something my family and i would use frequently. There really are no playgrounds with swings, climbers etc. for the kids on this side of town that are not attached to a school or church. This being located just off the trail would be something we could bike to, walk to, and enjoy being outside.	2/20/2018 4:19 PM
284	I would like to see possibly a park with trees and a large fountain, with a pavilion in the back. This would tie in to the walkable park area and sidewalks extending all the way to Pinkerton Park eventually. It would also preserve the simplicity and peace of the graveyard behind the property.	2/20/2018 3:09 PM

352	I don't see the need for a large recreational field when Jim Warren is just a few minutes away. I love the idea of a nature trail or a more "organic" park area for the land. 376	It would be a fantastic place for a tower overlook with historical legends like Winstead Hill pointing out the Civil War historical sites. It just across from BiCentennial Park and the historical cemeteries so it would extend the walking area of interests for tourists. It could include green space, picnic tables/benches and possibly a small play area for children. Maybe even a dog park for walkers. Tourism is a huge draw for Franklin and this would be a great opportunity to add to that and close to downtown. Thanks, Kim Stout 533 Ploughmans Bend Drive Franklin TN 36064	2/17/2018 1:24 PM

668	Greenway space, opportunities to share more about Franklins history, , etc. but PLEASE DONT TURN FRANKLIN into Nashville. There is a reason we all moved to Franklin for the small town feel, and we're known for our countryside. Over developing our town will completely destroy our uniqueness. 797	Open space. This is a Franklin gateway! This property has a high elevation off Hillsboro Road. If someone kicks a ball and it goes onto Hillsboro Road, that's life threatening. Also, this concept shows some king of elevated walkway over Hillsboro Road. That seems unrealistic due to large trucks needing road clearance. 2	No keep downtown pricey so it remsi s an upscale tourist destination	3/15/2018 7:02 AM
3	I would approve of housing for lower income people, but there should also be an area for community use -nonprophits like Franktown Open Hearts.	3/14/2018 8:57 PM
4	No,way too much residential building going on in Franklin already. We do not need the area to encompass a lot of low income families. We moved here to get out of just that kind of thing.	3/14/2018 6:01 PM
5	Affordable housing	3/14/2018 5:52 PM
6	If housing is placed in this area it should be more affordable for working class individuals and families. That means prices that would allow police officers, teachers, etc who work in the area to live here.	3/14/2018 5:31 PM

10	If you can't use if for recreation, then affordable housing would seem to be the next logical use. However, it will have to be unique, because in my experience, it will eventually succumb to market conditions and not be affordable in the future.	3/14/2018 2:13 PM
11	We need low affordable housing which will complement that area	3/14/2018 1:19 PM
12	I know for myself, I can sell my present home but cannot find anything that I can afford. Also, we need communities without HOA dues or lower HOA dues and we need homes or structures that are on one level and in a safe area. As a single person who is getting older, I need a home that is affordable and one that is on one level so I don't have to climb stairs. The City has allowed so many new homes to be built and no where do I see anything that I as a City employee, water customer and taxpayer can I afford.	3/14/2018 1:15 PM

13	Although ideal, the home price of even smaller homes on smaller lots would still be too expensive for the typical lower to middle class families. It's the land that costs so much. But that's why there are other areas within the greater Franklin area with more reasonable prices (i.e., Fairview, Spring Hill).	3/14/2018 10:36 AM
14	No more residential downtown	3/14/2018 9:01 AM
15	There are enough people flooding this city I grew up in, and consequently ruining it. If they cannot find a place here, then perhaps they should look elsewhere	3/14/2018 8:56 AM
16	No homes should be approved without ample roads/infrastructure	3/14/2018 8:09 AM
17	Franklin needs affordable housing. Much affordable housing is disappearing and others is in sub standard condition. Franklin's citizens should have more options.	3/14/2018 7:47 AM
18	If it has to be used for housing then make it affordable housing to support lower income families. We have enough market driven housing here that will take care of itself	3/14/2018 7:40 AM
19	yes we need affordable housing but adding this small of a number is only going to benefit the builder. If you do affordable housing that is truly affordable for service tyoe jobs then I feel we need to build tow homes and increase density.	3/14/2018 6:01 AM
20	There is a need for properties in the mid 250's to 300's. While we want to keep values up, keeping the homes smaller, but higher quality with a fair market price per square foot would not result in decreased values.	3/14/2018 12:34 AM
21	That is not the best use for a great location. We have plenty of other land for development of more affordable housing.	3/13/2018 10:49 PM
22	If housing is built there (which I do not support) it should include lower priced housing	3/13/2018 10:18 PM
23	If housing ends up being put up there I believe it should be mixed to fit in with the Hard Bargain Neighborhood.	3/13/2018 8:45 PM
24	Do not support housing on this property	3/13/2018 7:35 PM
25	to be used for lower income families	3/13/2018 6:09 PM
26	I would love to see affordable housing, here.	3/13/2018 5:01 PM
27	I'd never put lower cost housing or housing at all on the major stretch of road.	3/13/2018 4:58 PM
28	Absolutely need affordable	3/13/2018 2:57 PM
29	I feel that the downtown area needs more residences to attract more retail. Its a nice downtown, but there is so much potential and a lot of vacant lots. If there are more residents close to downtown this might help increase need for more business. If prices of the homes are too low then it might not attract buyers with money to spend in franklin	3/13/2018 1:38 PM
30	Affordable. Everyone in this city is not in the \$450,000 + for housing income range. I work in education and it is hurtful and disappointing when I hear students that go to college say that they cannot return here after graduation because housing is so expensive.	3/13/2018 1:14 PM
31	We need to have housing that affords those with lesser resources the ability to enjoy the amenities of this town as well. This town is not real friendly to the lower income human being in regards to being affordable. We must become more inclusive in regard to housing.	3/13/2018 1:08 PM
32	Town	3/13/2018 12:46 PM
33	300 up	3/13/2018 11:19 AM
34	Only if it is for lower income housing	3/13/2018 11:11 AM
35	We don't need residential property in this location, Franklin has a serious lack of industrial space which this property could help. Also, any "affordable" housing in Franklin will only be affordable for a short time, then we're stuck with cheap houses at high prices where no one should be living anyway.	3/13/2018 11:06 AM
36	Need workforce housing.	3/13/2018 10:47 AM
37	Think - City of Franklin Fire and Police personnel who cannot afford to live where they keep us safe.	3/13/2018 10:41 AM
38	They would immediately turn around and resell them at a higher price. They only remain "low-income" for the first couple of owners, then it goes up again. My main concern is traffic and density in area. Since it is so close to the trails and greenway it seems better suited for a park/sports area.	3/13/2018 10:39 AM

41	I would think it would be awesome for Franktown to be able to use this space to build a centralized location for programming in conjunction with affordable housing.	3/13/2018 9:53 AM
42	Affordable housing is in short supply and much needed for the Franklin and Nashville areas.	3/13/2018 9:52 AM

45	You can't control housing prices as much as you'd like think you can. Stop building more houses.	3/13/2018 8:24 AM

53	I would not support housing as a use for this property.	3/12/2018 10:33 PM
54	Something affordable to first time buyers	3/12/2018 9:21 PM
55	Need more affordable housing, not million dollar homes backing up to the lower income areas.	3/12/2018 9:14 PM
56	I doubt that the city will pass the opportunity for more houses, despite Franklin's significant traffic and school overcrowding problems. If you must approve yet more housing, please make every attempt to maintain a semblance of this area's existing character. Huge homes on tiny lots will look ridiculous.	3/12/2018 9:02 PM
57	Too congested of an area already	3/12/2018 8:32 PM
58	I would prefer recreational space.	3/12/2018 8:23 PM
59	We need more work force housing	3/12/2018 7:38 PM
60	No residential area	3/12/2018 6:51 PM
61	Please make it AFFORDABLE workforce housing!!! There is a huge need and this is a good opportunity.	3/12/2018 6:50 PM
62	The market supports a higher income residents which benefits the city. Let people with lower income go to Spring Hill, home of the "I can't afford Franklin but am scared of Columbia".	3/12/2018 6:31 PM
63	Affordable housing	3/12/2018 6:20 PM
64	The gateway should feature more controlled spaces. There are no guarantees when homeowners are in charge	3/12/2018 6:16 PM
65	I successfully sell homes in Westhaven and Franklin and look forward to more homes as the shortage is huge - Yet, what Franklin is missing is a centralized outdoor gathering place within easy walking distance from downtown Franklin - I know we have Harlensdale, but this is not in walking distance to Downtown Franklin without some traffic danger - developments are popping up all over with mixed use and different size homes - the Hill is a perfect gathering spot - median size homes, in just a few years, will become \$1mm homes and the more affluent will be able to enjoy The Hill as there own - Franklin has spent the money on revitalization on The Hill frontage and accessibility- for very little more - an outdoor space for all would be a welcome addition to the congestion of Downtown Franklin	3/12/2018 6:06 PM
66	Depends on the range. If the point is making it affordable, then it should be affordable. (NOT \$459k)	3/12/2018 6:03 PM
67	We have limited public space. Let's keep what we have for the benefit of more people.	3/12/2018 6:02 PM
68	Franklin needs more housing in the \$175,000 to \$250,000 range.	3/12/2018 5:59 PM
69	I would favor cheaper housing options to accommodate lower income and service employees.	3/12/2018 5:34 PM
70	No more houses!!!!!!	3/12/2018 5:28 PM

71	Housing costs in Franklin are outrageous. A broad range would be nice if homes must be put up.	3/12/2018 5:26 PM

73	Preferably 300k-400k	3/12/2018 5:22 PM
74	Affordable workforce housing	3/12/2018 5:22 PM
75	I love living in Franklin, but the home prices are out of control. If the plan is to create a residential space, then the plan needs to include affordable housing. Affordable housing BTW is NOT a \$500,000 townhouse.	3/12/2018 5:19 PM
76	The current rate of building has already damaged the charm and quaintness of Franklin, not to mention the beautiful countryside that is being gobbled up by a wildfire of construction.	3/12/2018 4:41 PM
77	I'm a very strong advocate for building only affordable housing on this property such as Habitat for Humanity offers. Franklin has become completely unaffordable for anyone other than upper middle class or higher families. We MUST do something to help those who are struggling.	3/12/2018 4:14 PM
78	As affordable as possible for our workforce, teachers fireman policeman etc.	3/12/2018 4:09 PM
79	I believe we need more projects with quality low income housing.	3/12/2018 4:07 PM
80	We are already overcrowded with a severe lack of infrastructure and parking...please don't build more houses!	3/12/2018 3:45 PM
81	I live in downtown franklin and I wish that others had the opportunity to as well.	3/12/2018 3:33 PM
82	More affordable housing is needed for low income residents.	3/12/2018 3:27 PM
83	A new area with affordable housing would be a huge bonus in Franklin and help out a lot of families.	3/12/2018 3:24 PM
84	We need low income housing	3/6/2018 1:35 PM
85	If by "range," you mean median included, then no. This area is already getting too expensive, with the Del Rio apartments in the area being some of the last that used to be affordable. The small lot single family homes only provide housing for 16 families, while apartments could do much more than that. Rent has got to be affordable and the average income of the people who work in the city of Franklin must be considered. With traffic concerns, offering affordable apartment living for servers, clerks, and government employees so that they could walk to work would be ideal.	3/5/2018 12:27 PM
86	We need low income housing, that is affordable. We don't need any medium/high income housing in that area.	3/5/2018 12:13 PM
87	Affordable housing is needed for families.	3/5/2018 11:35 AM
88	Need affordable housing.	3/5/2018 12:03 AM

90	Housing needs to be affordable with first option to Hard Bargain residents and descendants.	3/4/2018 11:32 PM
91	Would love to see affordable, attainable housing !	3/4/2018 10:47 PM
92	No, lowering the median will devalue our area. We have plenty of apartment rentals and lower valued homes in that area as it is.	3/4/2018 10:44 PM
93	Affordable housing is needed.	3/4/2018 10:14 PM
94	Especially with the history of that property as part of hard bargain, I think it should be lower/middle income housing. Something young couples, or teachers, or police officers could buy.	3/4/2018 7:12 PM
95	Why does the city need to provide affordable housing options?	3/4/2018 9:29 AM
96	The challenge will likely be balancing aesthetics with cost. Many folks I'm aware of that would need the affordable housing (teachers, firemen, police, etc) are currently living in or are looking for housing under \$200,000. The images depicted above may not be considered "affordable" due to construction costs in the area? Also, I would think a goal would be to avoid having vinyl clad housing at one of the major "gateways" into historic downtown.	3/2/2018 5:15 PM
97	Make it dense townhomes so a developer can keep the price down as low as possible. Preferably in the \$200-\$300,000 range.	3/2/2018 4:31 PM
98	If this became a residential property then yes a range.	3/2/2018 3:56 PM
99	homes must be owner occupied	3/2/2018 3:24 PM

## Hill Property Study

100	I believe there should be some type of initiative to offer affordable housing to families who don't make that significant amount of money. Economic 3bed/2bath homes at 1250-1400 sqft. in a more modest range within the mid 100's mark. With stringent requirements and guidelines for the people who live there. Like a healthy living community program for young families.	3/2/2018 1:05 PM
101	I think this would be a great place to provide affordable housing to provide for all income ranges in Franklin.	3/2/2018 1:00 PM
102	The greed of Franklin's real estate developers is infamous. Can't we please give someone a break?	3/1/2018 10:11 PM
103	We need affordable housing.	3/1/2018 6:23 PM
104	i know of a long-term public employee who may have to move to KY because she cannot find housing under \$1,000 a month in a safe location in Nashville or Williamson counties. That is absurd. Having public employees live in an area brings people with civic commitment and a college education. If we don't want affordable housing near other parks, then we need to raise taxes to pay public employees more money.	3/1/2018 4:26 PM
105	If housing, then a mix of townhomes & detached single family homes preference.	3/1/2018 12:05 PM
106	residential will just cause more traffic problems, these homes will not be affordable	2/28/2018 5:46 PM
107	Yes, new housing at a lower entry point would help allow additional families to live within Franklin.	2/28/2018 4:06 PM
108	Why have houses next to cemetery.?	2/28/2018 1:57 PM
109	It needs to be much, much lower so that people who work here can actually live here.	2/26/2018 2:29 PM
110	We need more affordable housing in Franklin. Williamson County is a very rich county. I currently commute to work everyday (to Westhaven area) from Murfreesboro because housing is not affordable. My mortgage in Murfreesboro is cheaper than rent in Franklin.	2/26/2018 2:16 PM
111	Nashville and Williamson county are rapidly becoming a vacuum of affordable housing for families. I believe a diversity economically and socially makes our community better and provides young families and first time home buyers and others a chance to be part of this incredible community. A playground as part of an affordable neighborhood plan would be lovely but the last thing Franklin needs is just another fancy park or more huge homes. Please consider the mixed use, affordable option!	2/26/2018 2:03 PM
112	There are teachers in both public and private schools that can not afford to live in Franklin and must drive a great distance to find affordable housing.	2/26/2018 1:51 PM
113	\$459k median home value is not the best or only metric. The key is what one could build a home for in today's market. labor shortages and increased materials, fees and taxes, and the challenges of the site and design context will result in expensive homes even if designed for modest purposes. Affordable house would need to be much less expensive than the median. Some "range" of product could be created, but not much variety in that small of a space.	2/26/2018 12:25 PM
114	The property is next one of the oldest African-American/Slave cemeteries in the area. Out of respect for the location, there should only be parking available for those who are wanting to visit the cemetery, paying respect for the dead.	2/26/2018 9:57 AM
115	We need to maintain or increase the median price of homes	2/26/2018 9:47 AM
116	This property is adjacent to the Hard Bargain neighborhood and provides an exceptional opportunity to expand this historic neighborhood and build well designed, smaller single family homes and/or townhomes at a lesser price.	2/26/2018 8:17 AM
117	Totally inappropriate use	2/26/2018 12:25 AM
118	Work force	2/24/2018 3:55 PM
119	"Boader housing options" (affordable) will downgrade the value of our homes and quality of living in Franklin. We do not want to turn Franklin into another Nashville.	2/24/2018 10:10 AM
120	This small amount of housing is no solution and more of a PC effort to check a box. Don't do it.	2/24/2018 8:45 AM
121	I would prefer to see a public park.	2/23/2018 1:03 PM
122	Needs to all be affordable housing.	2/22/2018 11:12 AM
123	No more high density homes!!	2/22/2018 1:28 AM
124	Just green space	2/21/2018 9:08 PM
125	No housing.	2/21/2018 4:08 PM

## Hill Property Study

126	They should all be the same.	2/21/2018 3:58 PM
127	I would like to see it stay open with no planned use. Do we really need to develop every piece of land we have?	2/21/2018 1:09 PM
128	I think we lose as a city if every home owner and family has to be able to afford a \$450k home. I think we have an opportunity as a city to develop some homes that some teachers and others who work and support our community can live in. If we can build town homes at a \$250k price point that would be great.	2/21/2018 11:03 AM
129	Don't lower our property values also Franklin is overpopulated w housing developments. The traffic is horrific	2/21/2018 10:27 AM
130	Not at this site	2/21/2018 10:03 AM
131	You NEED single level or handicap accessible floirolans for those wishing to downsize and age in place. There is a massive lack of high quality, smaller, accessible homes.	2/21/2018 9:16 AM
132	We need affordable housing for People working here,fire police small business	2/21/2018 8:01 AM
133	For a gateway property don't stick any kind of housing there.	2/21/2018 7:52 AM
134	NO MORE APARTMENTS OR TOWNHOMES	2/21/2018 7:18 AM
135	Maximum of \$250,000	2/20/2018 11:38 PM
136	Single level units or small homes, targeted toward current residents only.	2/20/2018 7:57 PM
137	Entry level homes	2/20/2018 5:23 PM
138	\$350,000 is still not affordable housing for an average household.	2/20/2018 4:21 PM
139	not everyone can afford a home in the \$400-500K range	2/20/2018 3:34 PM
140	I believe that affordable houses can be built in another area of Franklin. What about down Lewisburg Pike where the large lots are (they would need to be purchased from the homeowners) or further down 96 West outside of the building that is already done, or more off of Downes Blvd.? There are all kinds of land here to build on, it just wouldn't be in the downtown area.	2/20/2018 3:09 PM
141	Lower \$175k to \$200k	2/20/2018 12:10 PM
142	There is plenty of housing of all types in Franklin already.	2/20/2018 9:00 AM
143	We do not want compact housing for low income/homeless people within the city limits. It would destroy the character and charm of Franklin.	2/19/2018 11:27 PM
144	This is a poor location for residential development... There is a cemetery behind, a busy road in front, and retail to the right and left. This property would best be developed as retail or recreational.	2/19/2018 9:35 PM
145	Affordable housing is priority one and 2.	2/19/2018 8:56 PM
146	Need lower priced homes without sacrificing how nice and safe Franklin is.	2/19/2018 8:54 PM
147	Concerned lower income homes would reduce home values. We are already affected by having a cash advance, pawn shop and liquor store in area	2/19/2018 6:44 PM
148	Too much housing construction now!	2/19/2018 6:09 PM
149	Good option for "affordable housing".	2/19/2018 4:04 PM
150	No housing of any kind	2/19/2018 3:52 PM
151	While affordability is an issue, I do not believe this is a "great" location for housing in general. The impact of affordable housing on this site, while it might create a short term improvement, long term it will make little to no improvement to the over-inflation of the current market.	2/19/2018 3:51 PM
152	The houses need to start out at around \$200,000	2/19/2018 3:38 PM
153	I think we need to make some type of affordable housing here to allow for younger families trying to get their children into our great school system an opportunity to get a start here	2/19/2018 2:15 PM
154	Single family homes at this price range can work anywhere. Given the relatively close distance to the CBD, more affordable living options is needed.	2/19/2018 12:57 PM
155	Work Force Housing	2/19/2018 12:30 PM
156	Need more housing in the \$200,000 and under	2/19/2018 12:17 PM
157	Do Not develop for residential use.	2/19/2018 11:58 AM

## Hill Property Study

158	preference is not to have housing at this location	2/19/2018 11:26 AM
159	The footprint is just too small to cram more structures on it. We wholeheartedly endorse a community in Franklin with new, basic housing in the \$200-300,000 range (our budget, we are currently leasing a home). There is so much open space in the outskirts for an unpretentious neighborhood like this. Thank you!	2/19/2018 11:22 AM
160	I am not opposed to more affordable housing in Franklin but not at that location. That is a very visual location to historic downtown and would be better used to enhance the view to the entrance to what visitors are coming here to see. Find a more desirable location to put affordable housing.	2/19/2018 11:20 AM
161	I do not agree on "affordable housing". messing with market is NOT the answer here. I have friends that work in Franklin that live in spring hill and other	2/19/2018 11:06 AM
162	There are trailer parks in Franklin, numerous apartments and plenty of small houses that are suitable for purchasing and fixing up. There is no need to build houses that would bring the average value down. One reason people migrate to Franklin to live is because of rising house values. Please don't build anything that brings that average down. There plenty of areas that one can find for lower cost housing in and outside of Franklin.	2/19/2018 11:03 AM
163	not smart to pursue residential in that location at this time. WAIT!	2/19/2018 9:54 AM
164	No	2/19/2018 9:39 AM
165	Anywhere but GATEWAYS!	2/19/2018 8:27 AM
166	No more houses	2/19/2018 8:05 AM
167	We need people to work downtown. They should have affordable housing options. My first choice is open space. Second is affordable housing for people who work downtown Franklin.	2/18/2018 9:58 PM
168	there's recreation right across the street. you've got a real opportunity for density here, don't lose it!	2/18/2018 2:47 PM
169	I would prefer NOT to see any houses on the property.	2/18/2018 2:28 PM
170	I do support better housing options in Franklin, but let's be realistic. Developers are interested in making the most money, not in cultivating our community. Until we address infrastructure issues like roads, traffic, school funding, etc. I don't think what Franklin needs is more housing, especially so close to historic downtown.	2/18/2018 1:24 PM
171	DON'T BUILD ANYMORE HOUSING NEAR DOWNTOWN!!	2/18/2018 12:28 PM
172	Although not explicit from the question, I would assume this is asking about support for lower priced housing options to be located on the Hill property. I am in support of lower priced housing (ownership) options in Franklin, just not for the Hill property.	2/18/2018 11:30 AM
173	Especially if the county's cure all is going to be a hike in property taxes	2/18/2018 8:32 AM
174	Being that close to downtown Franklin, I think the prices should be comparable to other downtown properties. If the homes are approved, they should not reduce the average, instead I would think they would be more expensive since they'd be new construction.	2/17/2018 10:27 PM
175	Franklin needs lower priced housing options to sustain growth and quality amenities.	2/17/2018 6:07 PM
176	But the market will ultimately determine the values.	2/17/2018 3:48 PM
177	Affordable, but not public housing	2/17/2018 12:56 PM
178	No housing on this property--borders cemetery and should be open park land.	2/17/2018 10:15 AM
179	no housing	2/17/2018 9:23 AM
180	No residential housing.	2/17/2018 8:51 AM
181	We don't need more houses in downtown Franklin!	2/17/2018 8:48 AM
182	If we are not doing Rec area which I strongly prefer, we should consider some more affordable housing options	2/17/2018 8:09 AM
183	If the property MUST be developed for housing I would want to see a price point more affordable for the working class.	2/17/2018 5:45 AM
184	Would not want a range--would prefer lower-priced homes for all homes on this site, perhaps attractive, smaller townhomes to reduce wasted side yardage.	2/17/2018 12:54 AM
185	The homes would need to be under \$300k to be affordable for young families. Affordable rent would be helpful as well.	2/17/2018 12:42 AM

## Hill Property Study

186	This city that I have lived in my whole life had now priced me out of my home town. There needs to be more affordable housing to keep a diverse group of people living and working in town.	2/16/2018 11:33 PM
187	Yes this is part of hard bargain so it should be affordably housing.	2/16/2018 10:41 PM
188	Housing prices should be set to allow working class residents to purchase.	2/16/2018 9:25 PM
189	We need more affordable housing in Franklin	2/16/2018 9:07 PM
190	Please do not put more housing developments in Franklin.	2/16/2018 9:06 PM
191	Another option to consider would be a housing block	2/16/2018 8:38 PM
192	Franklin needs more affordable housing.	2/16/2018 8:28 PM
193	My husband and I grew up in Franklin and have been suck in a 2 bedroom apartment for 7 years with our children to stay in our hometown because it is near impossible for young families to buy a home in the area	2/16/2018 8:27 PM
194	if housing make price pt for small homes \$300,000	2/16/2018 8:21 PM
195	Am not in favor of housing in this area	2/16/2018 8:17 PM
196	Would prefer lower cost housing.	2/16/2018 7:15 PM
197	If this property is going to be developed for housing, then it should be for senior housing, , but affordable housing that is geared to seniors--one level housing--maybe cut out the developers and have the city oversee the building.	2/16/2018 6:51 PM
198	No housing here at all.	2/16/2018 6:02 PM
199	Enough Housing! Stop!	2/16/2018 5:58 PM
200	Don't want homes here. Better to have a space where all could enjoy and be a short walk from downtown.	2/16/2018 5:43 PM
201	Affordable housing	2/16/2018 5:13 PM
202	If it HAS to be more housing. Yes.	2/16/2018 5:09 PM
203	No houses at all	2/16/2018 5:00 PM
204	not here.	2/16/2018 4:57 PM
205	Encouraging cheaper housing brings all of our property value down. It also creatws more traffic in an already congested area.	2/16/2018 4:28 PM
206	There are too many compact housing options in the city. We do not need another.	2/16/2018 4:14 PM
207	No housing in this property	2/16/2018 4:14 PM
208	Yes, if quality is not sacrificed.	2/16/2018 4:12 PM
209	Yes, if its affordable options	2/16/2018 4:09 PM
210	We need moe affordable housing options	2/16/2018 4:06 PM
211	Market value smaller homes in that location might run 350.	2/16/2018 4:03 PM
212	More affordable housing is great however artificially regulating prices isn't a good thing either	2/16/2018 3:59 PM
213	I don't want housing there. We have too many without the infrastructure to support it.	2/16/2018 3:36 PM
214	I don't think more housing should go in there.	2/16/2018 3:26 PM
215	Home prices have gone nuts in the last few years. It would be good to have more first-time buyer homes available.	2/16/2018 3:25 PM
216	Median home values.	2/16/2018 3:23 PM
217	I'd rather have higher house prices and fewer homes to maintain quality of living.	2/16/2018 3:21 PM
218	No more houses	2/16/2018 3:21 PM
219	that is going to be difficult given the cost of the land	2/16/2018 3:02 PM
220	Affordable	2/16/2018 3:02 PM
221	If you must put more housing there at least make it afforadbale	2/16/2018 3:01 PM
222	We do not need any additional traffic on that section of road, making it residential.	2/16/2018 2:59 PM

## Hill Property Study

223	It's already gridlock for those of us..	2/16/2018 2:26 PM
224	Moved away 25 years ago from that exact thing of lower housing costs. Ruined the area and existing home values	2/16/2018 2:09 PM
225	We need more affordable housing in Frankklin	2/16/2018 1:51 PM
226	yes, and maximum should be about \$150,000-\$200,000. we do not have enough low-income housing, and i am sick and tired of seeing zillion-residence apt complexes in franklin.	2/16/2018 1:45 PM
227	We do not need any more housing in Franklin.	2/16/2018 12:28 PM
228	I would not want anything that would attract a slum type of environment, but affordable housing is needed.	2/16/2018 11:58 AM
229	I do not support residential housing for this area.	2/16/2018 11:10 AM
230	Recommend lower range	2/16/2018 10:49 AM
231	Don't allow developers to be the dominant voice in the choice of housing density and price levels.	2/16/2018 10:22 AM
232	We should keep in line with the housing prices in the area.	2/16/2018 9:28 AM
233	Property values should me maintained at current levels. This area is in main view of the historic Franklin downtown and housing should reflect high standards for that area.	2/16/2018 9:23 AM
234	Franklin needs more affordable housing below 300K. That said, I would not support housing on this lot	2/16/2018 9:23 AM
235	We need affordable housing. Also affordable housing for retirees, not everybody can afford or wants to move to a "Retirement Community"	2/16/2018 9:21 AM
236	no, we have enough "housing" here and going up everyday. Keep the gateway to Franklin free of housing!	2/16/2018 8:49 AM
237	This close to town we need to keep housing as nice as possible	2/16/2018 8:37 AM
238	Let's make Franklin affordable so we are not just a great place visit.	2/16/2018 8:30 AM
239	I would prefer to raise the value of Franklin so keeping it around the median is perfect (though selfish) sorry!	2/16/2018 8:12 AM
240	Housing at this location would be a terrible idea	2/16/2018 8:01 AM
241	If there could be more affordable townhouses, I think that would be ideal for this part of Franklin.	2/16/2018 7:42 AM
242	Yes, if housing is the result. However, the highest and best use for this property is as is.... The thrift store serves the low income community that surrounds it. Renovate it and add more retail that serves the immediate community.	2/16/2018 6:50 AM
243	Not tiny homes. They are a far and will be low income housing in years to come.	2/16/2018 6:10 AM
244	Desperately need affordable housing.	2/16/2018 6:10 AM
245	Too congested, too much traffic in that area for more housing. Green space would look more appealing & tie-in with Bicentennial Park.	2/16/2018 1:28 AM
246	We need more affordable housing.	2/16/2018 1:18 AM
247	No homes	2/16/2018 1:17 AM
248	Smaller home options are okay, but of course with the charm, character and beauty of Franklin.	2/16/2018 1:06 AM
249	If we have to have more housing. We need more access to broader housing for people to work in Williamson County	2/16/2018 12:37 AM
250	Smaller tiny homes affordable	2/16/2018 12:22 AM
251	Keep it green and for recreational use	2/16/2018 12:03 AM
252	We are being swamped by high density housing. At this rate everything that is charming about Franklin will be over populated.	2/15/2018 11:58 PM
253	I would like to see a mixture of affordable housing options (single, duplex, triplex and up) that remove the need for cars as much as possible to live there.	2/15/2018 11:30 PM
254	Use it for affordable housing only	2/15/2018 11:16 PM
255	We need more housing for middle class.	2/15/2018 10:28 PM
256	Area near downtown is becoming to congested.	2/15/2018 10:27 PM

## Hill Property Study

257	We don't have a good infrastructure for tons of small houses & I know crime and drugs and gangs come with cheap housing where people are packed in like sardines.	2/15/2018 9:58 PM
258	No residential on that corner!! We are already overbuilt!	2/15/2018 9:55 PM
259	absolutely! there are many individuals who work and serve in franklin, but can't afford to live here. i think it adds such value to our community to have diversity of economic groups and backgrounds and i would be proud to be a part of a community that seeks to care for a broader population and their needs. affordable housing with a combination of green space for those living there would add such value to franklin!	2/15/2018 9:55 PM
260	I believe the city should utilize the property as an active park. If that is not the direction the city takes, I believe the fiscally responsible decision is to sell the property to the highest bidder, and allow market forces to dictate price point of homes. Or thinking more outside the box, the site could be desirable for office users as well. Rent for office space in downtown Franklin is exceptionally high.	2/15/2018 9:52 PM
261	Young business men & women who were raised here can not afford to live here on their own. We need more affordable housing to accommodate more "regular" incomes.	2/15/2018 9:30 PM
262	If residential, it should be managed by the city and maintained like the police station, county Courthouse, and city hall grounds, not like traditional government subsidized housing. Something of workforce housing with residency for local (downtown Franklin area) low wage workers or for local first responders.	2/15/2018 8:42 PM
263	Lower priced housing	2/15/2018 8:42 PM
264	Would love to see affordable housing options. Let's keep Franklin accessible. Not exclusive.	2/15/2018 8:27 PM
265	Too much development. Stop.	2/15/2018 8:22 PM
266	I do not think this location is good for housing. It will stick out being that high and you are right next to the cemetery (not really very desirable). I would rather see it be recreation or for a boys/girls club or something more community oriented.	2/15/2018 8:14 PM
267	No low income housing.	2/15/2018 7:53 PM
268	But I would prefer recreational area for kids and especially teens	2/15/2018 7:48 PM
269	Too many people and traffic already. Quit building on every inch of land. Recreational would be best for the community.	2/15/2018 7:47 PM
270	I support the need for retail businesses in downtown Franklin to be able to have access to employees who can afford to live close by.	2/15/2018 7:32 PM
271	There are too many apartments and high density living already, without the infrastructure to support it. The city is allowing builders to put in a high percentage of high density living and our roads and schools are not prepared to handle the speed of growth this is allowing. Increased housing options and volume also decreases the value of existing homes.	2/15/2018 7:29 PM
272	Would love to see some housing in the \$200,00 range.	2/15/2018 7:11 PM
273	But NOT habitat, section 8, or low rent housing. It is the entrance to our town. It should be quality even if smaller & cost effective.	2/15/2018 7:02 PM
274	I do not want to add more houses to this area. I see more and more space being converted into housing developments. It's ruining our landscape. Roads are already congested with traffic and there seems no relief on the horizon. Please don't ruin what made many of us move to Franklin. It was a small town feel with open spaces.	2/15/2018 6:57 PM
275	we don't need to build anymore houses	2/15/2018 6:53 PM
276	\$250k to \$300k we need more affordable housing for Franklin to bring in young families or for seniors.	2/15/2018 6:53 PM
277	Cheaper is better for the area.	2/15/2018 6:44 PM
278	I am a Williamson County special education teacher and love being a part of this county. I have been living a mile outside of downtown Franklin for about seven years. I love this town. I am getting married this June and am excited to start my life and family with my husband. However, a dream of ours is to own a home, but with the housing market in this area I know Williamson County is out of our price point. I fear at some point we will need to leave this city and area to further our family dreams. With all that said I would like to see some housing created that is affordable for the many people in government and services roles that keep this city and county functioning. There are so many that work for this county and city that cannot afford to live in it.	2/15/2018 6:41 PM

## Hill Property Study

279	The housing prices will fluctuate over time; you'll never be able to keep it "affordable" to suit everyone. Make it a community space that everyone can enjoy.	2/15/2018 6:37 PM
280	We don't need any more homes.	2/15/2018 6:35 PM
281	Houses are getting pricey in Franklin and there's not a lot of options that are nice in the lower price range.	2/15/2018 6:34 PM
282	New school construction should happen before any new housing.	2/15/2018 6:32 PM
283	Housing is to high as it is here in the area.	2/15/2018 6:26 PM
284	Needs to be first class since this is a gateway.	2/15/2018 6:25 PM
285	Sell for commercial use; too busy for housing or rec purposes.	2/15/2018 6:17 PM
286	I prefer cheap housing go into this area. It's so small that smaller, less expensive housing should go into the area. We need more places closer to downtown, on the bus route and near shopping that are less expensive.	2/15/2018 6:15 PM
287	I don't think this location is best suited for housing, given its proximity to multiple cemeteries and park/trail head areas. I wish the retaining wall could be eliminated/reduced due to its unsightliness.	2/15/2018 6:11 PM
288	I do not support additional housing.	2/15/2018 6:11 PM
289	No homes should be built on the property	2/15/2018 6:06 PM
290	What we DON'T want to do is bring down home prices in Franklin.	2/15/2018 6:04 PM
291	Affordable housing	2/15/2018 6:03 PM
292	The Hill property is a gateway into downtown. It is not an appropriate location for affordable housing.	2/15/2018 5:58 PM
293	But they would need to be available to lower/middle class families too, not just government housing.	2/15/2018 5:52 PM
294	The design options should be combined to provide both attached and detached product. The options provided unfortunately were an either or option - mixed residential is preferred to all for broader range of price points to be realized.	2/15/2018 5:52 PM
295	Stop squeezing homes in every available spot!	2/15/2018 5:45 PM
296	We have enough housing been built now.	2/15/2018 5:43 PM
297	Please build lower income housing.	2/15/2018 5:40 PM
298	Please help represent us in providing more affordable housing for our firemen, police, teachers and city employees.	2/15/2018 5:38 PM
299	You MUST build and sell this housing in a way that prohibits purchase and flip, especially if city money is involved in developing the space. While it's not the same situation, Westhaven's "more affordable" townhouses were originally built to be priced as in te range that a teacher/first responder/city employee could afford. Doing so would have helped seed a neighborhood of more economic diversity. What ended up happening was the properties got purchased at the "affordable price" and sold for 30% markups within 6 months.	2/15/2018 5:38 PM
300	so needed.	2/15/2018 5:36 PM
301	I'd like to see reasonably sized homes on larger lots. Say, \$300-350k new single family homes on a third of an acre each. That's only if there's going to be housing there, though. To me, it seems you'd have to put up a sound barrier to make those home livable, and even then, the noise would be substantial for the residents. Sound barriers generally look terrible, so I'd much prefer to see the whole space be dedicated to public recreational use.	2/15/2018 5:33 PM
302	In my mind this is a commercial space not a residential deck.	2/15/2018 5:32 PM
303	Lower priced housing	2/15/2018 5:30 PM
304	Lower prices!! One level - need a place for "almost" retirees who don't want a yard or much to maintain - but are too young to move to a senior living place.	2/15/2018 5:29 PM
305	Yes- but affordable housing must be integrated into the broader community, not concentrated in selected neighborhoods. It must be a priority for the entire City.	2/15/2018 5:28 PM
306	Stop building more homes!!!!	2/15/2018 5:26 PM
307	Franklin needs to take better care of low income residents. There are loads of high price properties and more of those are not needed.	2/15/2018 5:25 PM

## Hill Property Study

308	NO government interference in housing prices. Period. No "affordable housing" projects have every worked in the past, and we should not go down this path at all.	2/15/2018 5:25 PM
309	The city needs affordable housing units that are not rental apartments. Townhouses in the \$300,000 range would create options for first time younger buyers as well as those who work in Franklin in some of the service industries. If homes are built there should be strong covenants that prohibit rental of the homes to make sure that the owners are living in the homes and that they are not snapped up by investors.	2/15/2018 5:20 PM
310	We need lower-priced homes so that the young adults that grew up in Franklin and remember the great little town as it used to be, can live here.	2/15/2018 5:18 PM
311	I am afraid Franklin will soon loose its charm if it keeps throwing up houses on every empty piece of available land. Traffic will progressively get worse until it is unbearable and we no longer have small town living. Please leave Franklin the charming little town it is.	2/15/2018 5:18 PM
312	Because regardless of what goes there there the prices on those will go sky high too so it would only benefit 1st owner	2/15/2018 5:17 PM
313	They will go up in price anyway and become un-affordable.	2/15/2018 5:17 PM
314	I would hate to see Franklin become a town that young families and singles could not afford to live in.	2/15/2018 5:15 PM
315	Franklin is way too crowded as it is.	2/15/2018 5:15 PM
316	The market for Franklin is demanding \$500,000 homes or more. We need to build housing for what the market demand not use government to Mandate a type of home	2/15/2018 5:15 PM
317	No lower priced homes	2/15/2018 5:15 PM
318	Wrong site. We don't need to see the back side of people's properties where they store their lawn mowers or other junk from Hillsboro Road.	2/15/2018 5:13 PM
319	We need more affordable housing in Franklin - under \$300k	2/15/2018 5:12 PM
320	Technically my answer is maybe. Depends on what we are talking about.	2/15/2018 5:11 PM
321	This is only a small piece of property. It will not solve the greater housing affordability problem.	2/15/2018 5:08 PM
322	depends on the options	2/15/2018 5:07 PM

128	I could be in favor of any of the options if it's done right, but I think the focus of the use should be on smaller, more community minded purposes (smaller rec orgs, non-profit or community use if rec, truly affordable housing if residential. Maybe even emergency/transitional housing, but not sure who would run, etc. But I'm sure there's a need. We COULD use another indoor rec facility (playing indoor soccer at 10pm on a school night is a little too late), but design & proximity to road would be important since it is a corridor right into town & we've spent a gajillion dollars already sprucing that up (while we need schools, but I digress). Open space is probably better/easier/cheaper/more aesthetically pleasing).	3/12/2018 6:03 PM
129	Community help organizations like Franktown would benefit the community for many years to come.	3/12/2018 6:02 PM

A building that Franktown Open hearts can use for their homework tutoring and other classes they offer for the community's children would be the absolute best use for the property! 147	Recreation center for the community	3/12/2018 4:31 PM
148	I would like to see non-profit organizations like Franktown Open Hearts also have the ability to use this property in conjunction with affordable housing.	3/12/2018 4:28 PM
149	It's a good space for non-profits. Real estate is too expensive for many of these organizations to have a good base of operation. Franktown is an example that needs a fixed location for all of the equipment/training that they provide the community	3/12/2018 4:17 PM
150	use the existing facilities for non profits that benefit inner city Franklin such as Franktown open hearts, hard bargan	3/12/2018 4:16 PM
151	It would be ideal if in addition to affordable housing, provisions could be made for a portion of the space to be used by non-profits such as Franktown Open Hearts to have a place to continue to serve their target audience.	3/12/2018 4:14 PM
152	I would love to see multiple uses of the property and support nonprofit use such as Franktown Open Hearts.	3/12/2018 4:07 PM
153	The location supports a community center for the youth and charities that focus on youth. A multi purpose community center.	3/12/2018 4:06 PM
154	Would like to see organizations and non-profits such as Franktown be allowed access to this property.	3/12/2018 4:06 PM
155	Franklin is rapidly becoming populated with new residents who have little or no history in Franklin. I would like to see opportunities for young folks whose families have lived here for decades and seem to be getting priced out of their own communities. It would be fair to have the Hill dedicated to benefiting our young folks who have grown up in this community with much less than the average Franklin resident. Non-profit organizations who are already attempting to assist these young people could accomplish much for the community with the use of this property. Thank you for your interest in attempting to find the best and most fair use of this parcel.	3/12/2018 4:04 PM
156	A community center or non profit use. Franktown would be a good choice.	3/12/2018 3:59 PM

172	I'd love to see this area go to the good of our community. We have a large portion of people living in government housing and to have an area where it is encouraged to see diversity in downtown franklin with our youth is crucial. Any community organizations such as Franktown Openhearts, One Gen away, etc. These are organizations that truly care about the betterment of our city.	3/12/2018 3:33 PM

## Hill Property Study

193	The only other thing might be a home facility for all nonprofits in the area to come under one roof. Or a technology hub, connected with the chamber and economic development and local companies. Although that might be best left for a different area such as cool Springs or the O'Moore property	3/2/2018 4:31 PM
194	I think this space would be a great recreational area that would tie into the bicentennial area and riverwalk area. Another proposed use I have heard is for relocation of City hall to this area. I am not sure on the feasibility of this action but this would free up the existing building and perhaps provide land for a updated, energy efficient building on this property for city hall. Between those two options I favor a recreational area. There are other areas that could be developed for more affordable housing.	3/2/2018 3:56 PM
195	housing for those employed in providing services to our community...first responders, teachers, healthcare providers, etc.	3/2/2018 3:24 PM
196	I think a mixed use development made up of higher density affordable housing (townhouse-type) as well as an adjacent community or nonprofit center within the existing long building could provide a unique place in downtown Franklin to address a currently under-served population within the city.	3/2/2018 1:00 PM

202	passive park	2/26/2018 1:32 PM
203	As I mentioned above, I think the best option to providing some affordable housing in the area may be to have the properties as apartments. This would permit average workers needed to support the businesses downtown to live in the downtown area. If not apartments, the smaller homes for sale. However, in the end, many of these would transition to rentals.	2/26/2018 12:25 PM
204	Some type of parking for the cemetery visitors. The Toussaint- L'Ouverture cemetery is a resting place for many of our community who struggled because of slavery and poverty. Please show some respect and create a space that makes the cemetery more accesible for visitors wanting to pay their respects to the dead.	2/26/2018 9:57 AM

248	Nature playground	2/19/2018 8:05 AM
249	Personally, I feel like the top priority is to create reasons for people outside Franklin to visit our city. I think a food truck park is the answer for this property. There are similar spots all over the country...Portland, Atlanta, Denton TX, Austin TX...you can easily google them. They bring visitors to our city, income to our city, and create an urban, hip vibe that is completely family-friendly. There are scores of these places around the country. <a href="http://www.facebook.com/AustinStTruckStop">www.facebook.com/AustinStTruckStop</a> <a href="http://www.rosecityfoodpark.com">www.rosecityfoodpark.com</a>	2/19/2018 7:19 AM

258	A tower overlook with historical legends like Winstead Hill pointing out the Civil War historical sites. It just across from BiCentennial Park and the historical cemeteries so it would extend the walking area of interests for tourists. It could include green space, picnic tables/benches and possibly a small play area for children. Maybe even a dog park for walkers. Tourism is a huge draw for Franklin and this would be a great opportunity to add to that and close to downtown. Thanks, Kim Stout 533 Ploughmans Bend Drive Franklin TN 36064	2/17/2018 1:24 PM

261	I think City Hall should be moved to this property. Parking in downtown Franklin has become absolutely ridiculous. The parking garage on 2nd Avenue has a lot of spaces taken up by the city and now with the construction on the corner all the workers are parking there and the parking is extremely limited. The 4th Avenue garage is the same. With the court house and downtown workers parking in in there is hardly any spaces for anyone else. WE NEED MORE PARKING!	2/17/2018 8:48 AM
262	Remove the buildings and leave as a green space. A 2 - 3 story tower could be built to provide a better view of Franklin. Needs to be incorporated into long term view of the bi-centennial park and that structure.	2/17/2018 8:44 AM

278	My child who is 10 years old would love to have a nature reserve in this area. He is sick of seeing land destroyed and animals killed. We have seen so many dead deer that we are saddened every time a new building comes up. Think outside the box here about how this land could be preserved!	2/16/2018 6:02 PM
279	A new City Hall. Tear down Existing city hall. Build parking garage on current city hall property and build a Piazza, an open paved space with movable seating/tables. Very multi functional.	2/16/2018 5:58 PM

6	I urge the City to strongly work toward building residential housing that is affordable for those who want to be able to stay within the City. The city's growth has allowed for a tremendous amount of housing that can only be afforded by those who have significant income. Everyone who lives in Franklin does not have a lot of money or wealth. Please work to accommodate those important citizens.	3/14/2018 1:15 PM

17	While I don't live in Franklin, I work in Franklin and sell Real Estate in Franklin. I believe whatever choice is made, careful consideration has to be made to protect the cemetery and the gateway into downtown Franklin. Both housing and recreation have their pros and cons. While people do express an interest for homes with walk ability to downtown, shoving homes onto every blade of grass will take away from the charm that is downtown Franklin, something that is already taking a hit. The answer is in the balance.	3/13/2018 2:53 PM
18	I love the idea of renovating vacant unused spaces for everyone in franklin to use.	3/13/2018 1:38 PM
19	I think it would be a shame to add housing in front of the cemetery. Make that space something that complements the cemetery, not something that hides it. I am STRONGLY against adding housing here.	3/13/2018 1:24 PM

22	This is one of the last chances in Franklin to build a livable walkable community. Families can walk to the grocery store, walk to Centennial Park, and walk to downtown Franklin. That is what Franklin is all about. If we put a civic or park use ( which we have both uses nearby) we wont have this opportunity again.	3/13/2018 10:40 AM

35	We don't need more housing and development. We need more space for families to play and congregate. There is already too much development. This is the last area those traveling into Franklin see before arriving downtown. Let the charm and ambience of our city shine through, not the shadows of further development.	3/12/2018 9:07 PM
36	We lived in Franklin for a decade before moving to College Grove. The entire county is is grave danger of losing all the things that make it desirable - great schools, green space, a bit of rural and historic character, and quality of life. A lack of planning for growth is slowly destroying this county. Please at least consider what will be best for the community as a whole (open space, parkland, and maintaining our character and history), not just a small number of wealthy individuals wanting huge houses.	3/12/2018 9:02 PM

49	When we lose public space to development it is gone forever (except for the five or 10 families in the houses). This is a very central location in the community and should be used for the long term benefit for as many as possible.	3/12/2018 6:02 PM

56	Every city attracts more people and more businesses with more green space. Would also be a nice amenity to go with the walking trail along the river and I believe more people would use that walking trail and walk to stores downtown if there was a green space located at this location.	3/12/2018 5:17 PM

71	We've lived here 20 years. Main St. was quaint until Franklin started receiving national attention and heavily promoting our 'quaint' town. Gradually, Franklin has become a caricature of its original being. Our downtown now resembles more of a reproduction of a Main St than the real thing. The desire to continually increase rents and to bring in more big payers to downtown (and less mom and pops), doesn't allow for many of the businesses that helped Franklin achieve its famous status to continue to operate in downtown. A real Main St. has homes in the surrounding vicinity that are affordable for a range of income brackets and that allow citizens of all income levels to be part of the community and to enjoy the same walkability to downtown festivities, shopping, and recreation. Please stop squeezing out the lifeblood that made Franklin attractive in the first place and take opportunities when you have them to allow for a balanced demographic to equally enjoy our city.	3/5/2018 12:03 AM
72	I'd prefer a park but if it goes housing it needs to blend with the neighborhood and Hard Bargain should have accessibility	3/4/2018 11:32 PM
73	Thank you for asking for opinions!	3/4/2018 10:47 PM
74	Don't put another Chestnut Bend type development, and don't do a retail/residential mixed use which is popular now. Let it be something that benefits the existing community. The history of this place calls for something that can be used by somewhat lower income people, not limited to high income people.	3/4/2018 7:12 PM
75	Please stop increasing the density in the downtown area.	3/4/2018 9:29 AM
76	It's a great site and could be the city's best opportunity to provide a development geared towards mixed-income folks unique in the city.	3/2/2018 1:00 PM

79	Yes, I am a Franklin resident for more than 20 years. I would like to avoid Cool Springs for restaurants, bookstores and gift/souvenirs. It is cumbersome when friends & family visit from out of town that the only options for restaurants in downtown Franklin are reduced to the town square and the Factory, which are often extremely busy.	3/1/2018 12:05 PM

83	It's not affordable, so even though I work here, I have to live elsewhere where it's cheaper.	2/26/2018 2:29 PM
84	I grew up in Franklin and have spent my whole life here. When I got married, we could not afford housing prices in Franklin, so we moved to Murfreesboro. Now, both my husband and I commute to Franklin for work.	2/26/2018 2:16 PM
85	I work for Southern Land Company, and have the opportunity to study and visit many small towns, much like Franklin. The city has done a fantastic job in many ways, but there is really no affordable housing in progress with such a nice location. I have also seen many small pocket parks put in place that are mostly empty, unless programmed. I believe that a park in this location, even if nicely done, would remain relatively un-used based on pedestrian habits and other better options in the are. Perhaps the "view" would make it unique. I'd have to get up there and take a look.	2/26/2018 12:25 PM
86	It is amazing that the City of Franklin thinks we need more housing in the downtown area. And it is greedy if it is necessary to build housing right next to a historic cemetery. Green spaces that commemorate battles are being saved. But the space near the resting place of so many natives from our community is being considered for development in order for someone to gain a profit. Shame on Franklin!	2/26/2018 9:57 AM
87	We don't need more homes that would only increase the traffic congestion	2/26/2018 9:47 AM
88	I work in Franklin	2/26/2018 9:37 AM
89	Franklin is rapidly losing economic diversity, especially in housing choices. The city should take every opportunity to encourage the construction of more affordable housing options. If more citizens of lesser income can actually live here, then fewer will have to commute to jobs and services.	2/26/2018 8:17 AM
90	There is not enough recreational space in Franklin to Accommodate the growing population. Houses are being thrown together at record speed with little or no infrastructure. Truly a sad situation	2/26/2018 12:25 AM
91	Lets not make "boarder housing options" a magnet that attracts crime and drugs. Let's keep our home values high by keeping Franklin Franklin.	2/24/2018 10:10 AM

92	I grew up in Franklin, lowering the standards for newcomers to move into Franklin is not what the city should do in my opinion.	2/24/2018 8:14 AM
93	Our leadership in Franklin has become lead by the dollar. Bad decisions such as high density buildings and over-growth are changing what the city has been about - quaint, personable, historical.	2/22/2018 1:28 AM

102	Traffic in Franklin is already so out of control. We do not need anymore neighborhoods squeezed in. Especially on a main road.	2/21/2018 10:18 AM
103	I lived in Franklin for 7 years but just can't stand the traffic and moved north recently. Of town	2/21/2018 9:16 AM
104	We have too much high density housing in Franklin already. As a homeowner I'm very disappointed with the path that our elected officials have taken up to this point with apartments on every corner	2/21/2018 9:02 AM
105	Please stop with all the high density developing! No more apartments either.	2/21/2018 8:56 AM

107	Live in Brentwood while visiting the downtown area and parks of Franklin frequently.	2/21/2018 7:05 AM
108	My daughter lives in Franklin and there is no available single housing for a single working female in Williamson County. Instead there is expensive apartments that costs more in monthly rent than a monthly house note. Throwing money away at the tune of \$18,000-\$22,000 a year with no accrued equity. She has been trying to find an affordable house for four years there. So are several others. If a person is going to serve the residents of Franklin, they shouldn't have to drive 20-25+ miles to do it.	2/20/2018 11:38 PM
109	It has been horrible to see how investors have been allowed to buy up condos in the area from entry level housing and rent them out without proper control. Not only have others lost access to affordable housing, but the living standards of remaining residents in more affordable developments have now deteriorated. We are in the Residences at Southwinds and these have moved from 80% resident owners to now under 35%.	2/20/2018 7:57 PM
110	Franklin has done such a lovely job with the entrance to the city. I would hate to see homes crammed into the area. Also doesn't seem conducive to a residential area that far into downtown.	2/20/2018 6:30 PM
111	I believe this area would be more suitable as a gateway into downtown Franklin with just a bit more parkland and make it so much more appealing to those visiting. It would certainly tie in with the riverside parkland directly across from it and a tie in to the peacefulness of the hill behind for the graveyard.	2/20/2018 3:09 PM
112	This particular space is not right for housing. And, housing shouldn't be segregated by value; there should be all price points for housing in each subdivision; the city planners should insist on this for any development project.	2/20/2018 9:00 AM
113	Housing just doesn't make sense in that little cutoff area; it should be a destination like an art gallery or museum.	2/20/2018 8:57 AM
114	The recreational concept will also compliment and balance off the area on the other side of 431.	2/20/2018 5:04 AM

118	City employee	2/19/2018 2:30 PM
119	1. This site has good visibility on a major gateway into the CBD. 2. Affordable housing is needed. Throw the median income and home price averages out the window because it does not resemble the median incomes of you and the majority of hard working citizens of our great City. I've been a commercial appraiser for 3 decades. If you should decide affordable living uses, be sure to place home price restrictions to builders, or possibly LIHTC. Good luck	2/19/2018 12:57 PM
120	Please, please stop building homes. We have so many options with so many new subdivisions. We are getting overrun by people. Franklin isn't the quaint little town it used to be. I am all for progress, but we are OVER building here. Please stop. Let us have more green space.	2/19/2018 12:57 PM
121	I have lived in Franklin for 25 years and I have seen a great deal of change here in Williamson County. As far as I have observed, city planners have promoted and allowed far too much development, with little consideration for the consequences to our infrastructure. A residential community in such a small parcel would, once again, cause too much chaos, and add more traffic for an already overburdened Hillsboro Rd. Hoping your office will greatly decrease any type of residential development. You're ruining our county.	2/19/2018 11:58 AM

126	I worked very hard to get the chance to live in Franklin. My first house was in Antioch, and I had to commute to Franklin for some time. Most of my friends commute 20 to 40 miles for work, this "have to live in Franklin if you work in Franklin is B.S.!! I know house prices are going up, however they are going up all over Nashville.	2/19/2018 11:06 AM
127	Thank you.	2/19/2018 11:02 AM
128	I feel this is not the location for residential development. It is city owned and should be used for all the citizens of Franklin. It would make a great addition to our parks or Civic meeting space.	2/19/2018 9:37 AM

This 'affordable housing' will be the biggest focal point on the entire corridor and will be dauntingly ugly as vehicles come down the hill and pass Del Rio intersection	2/19/2018 8:16 AM
133	Please build a Blantyre playground instead of more houses	2/19/2018 8:05 AM
134	Please consider something that helps make Franklin a destination...and not just more houses	2/19/2018 7:19 AM

136	This is a busy intersection and area in the morning and afternoon. Please consider use that can be utilized by all citizens of Franklin, especially those that live on the west side.	2/18/2018 7:52 PM
137	This property does not lend itself to housing. Its proximity to a cemetery, limited (due to elevation change) access to sidewalks and connectivity to essential needs, and close proximity to a retaining wall to Hillsboro Rd that poses a safety hazard, are all reasons to support this. This property could be used as a Solar Panel "farm" where the City could enter into a lease agreement that provides a steady income stream that then could be used to support solutions to housing options within walking distance of the downtown district - if that is the goal of "work-force housing".	2/18/2018 11:30 AM
138	I do not think any type of residential use on that property makes sense. It is a valuable piece of property that the City can use to provide facilities for its ever growing departments to accommodate an ever growing city. Fire, Police, Streets, Administration, New City Hall or extension etc...	2/17/2018 8:35 PM
139	We don't need more residential areas in Franklin right now. I think open space/park area is a great idea!	2/17/2018 11:33 AM

140	We live right across from this property in Chestnut Bend and are very concerned about this. We feel a community space that provides playground equipment would benefit ALL the neighborhoods and residents of Franklin.	2/17/2018 10:48 AM
141	13 year resident; there is too much growth; provide amenities for current residents; I am for affordable housing, but what exists could be made better and gentrification of in town could be controlled.	2/17/2018 9:23 AM
142	Born and raised in Franklin. Hate seeing large housing being squeezed onto small lots, not what this small town is about. Especially next to the cemetery. Used to ride with grandparents to haul trash on that hill.	2/17/2018 8:51 AM
143	Franklin has maintained a small-town, locals feel to it throughout the years, which residents and tourists alike admire about the city. Adding more mixed-use residential to this area, especially the ideas described above, would risk diluting the atmosphere of Franklin.	2/17/2018 8:38 AM

146	I grew up in Franklin and after moving back from college, Franklin has become so unaffordable that we can not buy a home in our own home town. I would like for my kids to attend schools in the same county as I did, but there are very little options. My only concern is that once this property is developed, these homes will also immediately increase in value and become unaffordable as well.	2/17/2018 12:42 AM

156	Grew Up Here...Becoming increasingly discouraged and unimpressed with the current administration of this group. Just because you own it doesn't mean you have to make money on it. It is a terribly ugly site from the road and anything you do will not enhance that. Let it be more plots for the residents to purchase to lay to rest their family members.	2/16/2018 4:57 PM

169	Too many cheaply made but unaffordable housing in Franklin already. Franklin is losing its small town charm.	2/16/2018 2:20 PM
170	We don't need homes put everywhere. Green, open space is essential to the character of Franklin.	2/16/2018 1:14 PM
171	This is the first information I've seen on this. Would have better input if I had more information.	2/16/2018 1:02 PM
172	For over 20 years, but we are ready to move and discourage others from moving to Franklin if downtown Franklin becomes overrun by chains and more development. Enough is enough! Progress can be made in other ways. Right now there is no thoughtfulness put into any of the development. It is pure greed.	2/16/2018 12:28 PM
173	The Hill Property should be the location of Franklin's new City Hall. It would serve as a great anchor on 5th Avenue North, where City staff wants infill, and it would have a commanding view of Bicentennial Park and its future growth. The Hill Property is large enough to support a 2-3 story City Hall and ample parking for employees and visitors. It complies with the current zoning and is the most appropriate use of property adjacent to the cemetery. Permanently relocating City Hall means not having to temporarily (12-16 months) relocate it during construction at its present location. This would eliminate a logistical nightmare and significantly reduce the overall cost of the project. City Hall does not belong downtown on the Square; it's not a tourist attraction, it generates zero revenue based on location, it increases traffic downtown and reduces available parking. Leasing or selling the current location will generate enough revenue for attainable housing, or other projects, to more than make up for what could have been built on the Hill Property. Selling the current City Hall may generate enough money to pay for the new City Hall, saving Franklin tax payers \$20 million. POSITIVE No (year+) temporary move for City Hall Decrease traffic around the Square Increase available parking downtown Gets the ball rolling on 5th Ave. N. infill Provides tremendous (current & future) revenue opportunities for present location Allows for more appropriate infill at present location New City Hall would never flood NEGATIVE Eliminates potential for attainable housing on the Hill Property	2/16/2018 10:28 AM
174	There is so much new construction going on - don't think we need more housing. Saving more open space is definitely a better idea.	2/16/2018 9:34 AM
175	Houses are already being jammed in every open space. I would keep land surrounded by so many cemeteries more serene	2/16/2018 9:30 AM
176	We live downtown and are rapidly watching the infrastructure break down with the constant influx of density.	2/16/2018 9:23 AM
177	No more housing projects!!! Save our Green Sapces!	2/16/2018 9:00 AM
178	My husband and I have lived in Franklin for about 20 years in Founder's Pointe. Brought up our daughters here and now have a grandson. We need fun uses for children/parents/families and it should be near the area of this beautiful Franklin city. Please don't put up HOUSING!!!!	2/16/2018 8:49 AM
179	Housing at this location will junk up this area.... That strip on both sides needs to be cleaned up with nicer stores & restaurants to provide an extension of what is going on in downtown Franklin	2/16/2018 8:01 AM
180	Not all housing growth is good growth. I do not support the addition of housing at this location.	2/16/2018 7:51 AM
181	We are very quickly moving toward having as many homes as possible being built on every small piece of property in Franklin	2/16/2018 7:44 AM
182	Recognize that Franklin has a significant low income community right in the backyard of this property. We don't need more housing - unless it is designed for low income residents. Our Thrift Store serves a tremendous need for our community by providing merchandise and employment. Go visit on a Saturday if you have never been there. The Hill Company is looking to profit by redeveloping prime real estate. That is understandable. I would love for them to consider the real needs of the community. Decision makers should take a walk behind the property - back to West Main. Really look at the community that property serves. Then decide if you think the area really needs more expensive housing.	2/16/2018 6:50 AM
183	I really like the idea of the outdoor basketball courts, but not at that location. I think they would be better used by the recreation complex (next to the tennis courts or volleyball court). The area is growing so fast, I think some kind of housing will suit the city's needs more.	2/16/2018 6:02 AM
184	We know it will be beautiful, as Franklin strives to be special.	2/16/2018 1:06 AM
185	We often come to visit festivals or go shopping.	2/16/2018 12:35 AM
186	No more high density housing, hotels and any other form of overdevelopment. Traffic has become horrible with in the last three years. Our infrastructure can support what we have now, but at the rate we are growing....just think of the misery of Springhill traffic and the high crime of Murfreesboro, both which have grown too fast.	2/15/2018 11:58 PM

187	Cheswicke Farm, the rec/open space would be a great compliment to the bicentennial green space	2/15/2018 11:46 PM
188	I think that a mixed residential affordable housing option is the best way to go with this property. I would like to see some commercial options as well in the form of potential first floor offices/retail. A co-housing concept could also help to develop more of a community feel by including a shared space (large meeting area with a kitchen).	2/15/2018 11:30 PM
189	Love it here. The more sidewalks, the better!	2/15/2018 10:28 PM
190	No more housing until the schools can handle more children.	2/15/2018 10:04 PM
191	I moved to Franklin for the town's charm, beauty, history and spacious property. I don't want to see it denigrate isn't the same old cheap areas that are a dime a dozen across this nation. I honestly don't care if the average person can't afford to live in Franklin. We should not regress towards the mean just to make the average person comfortable. Let's hold ourselves to a higher standard and maintain large lots so we can avoid overcrowding, crime, and traffic.	2/15/2018 9:58 PM
192	Franklin needs to slow down with all of the housing projects. Our infrastructure is clearly struggling, as evidenced by the traffic issues, and our schools are overcrowded. A creative, nature-based park near Bicentennial Park would be fantastic.	2/15/2018 9:58 PM
193	Franklin is just about to the point we are building ourselves out of the little slice of heaven we have here! No residential on that corner please!! No recreational amenities! There are a plethora of recreational facilities already in Franklin. Just a nice little open space, park type setting like in the graphic without tennis courts & no intramural field! Stop overbuilding Franklin PLEASE!!	2/15/2018 9:55 PM
194	i live in historic franklin and have hoped to see franklin take this step forward into providing more affordable housing instead of adding yet another pocket neighborhood that is out of financial reach for most. i personally feel that the last thing franklin needs is another pocket neighborhood with single-family homes squeezed onto small lots that are in the \$400s and up! thank you for sending out this survey! what a wonderful idea. i will pass this along to my neighbors and hope you all get valuable feedback from within our community and continue seeking input from those of us who are impacted by these significant decisions.	2/15/2018 9:55 PM

197	I am glad not to see a commercial or shopping center option!	2/15/2018 8:43 PM
198	Recreational Design concept is the only way to make use of this space properly. This area needs to beautify the gateway to Downtown Franklin. This is probably the most primary road used to enter Downtown Franklin and needs to reflect the growing city and its desire for fun outdoor spaces and events.	2/15/2018 8:43 PM
199	32 years	2/15/2018 8:40 PM
200	In your architectural design of the Mixed Housing I see the boxes that are representing the houses and they appear to have their backyards on Hillside. I DO NOT want to see anyone's back yard; hence my statement of wanting a solid line of trees and bushes landscape. This also will create privacy and shade for homeowners, more safety for kids, and a MUCH more pleasant view for drivers/walkers on Hillsborough Rd.	2/15/2018 7:55 PM
201	I grew up here and attended FHS	2/15/2018 7:48 PM
202	We do not live in the Franklin city limits, however we are in Franklin 90% of our Time. There are many great traditional playgrounds in the area, however a large playground with more open play activities would be great for the area. The small play area at Warner Park is great and always a favorite for families. Something in that design vein, or like the natural play area at the Murfreesboro Discovery Center would be great.	2/15/2018 7:36 PM
203	Stop giving away every piece of grass away to developers to over-build on. Traffic is bad enough & developers aren't helping w the county's expenses due to their building at a ridiculous pace.	2/15/2018 7:29 PM
204	Please limit the ratio of high density development!!!!	2/15/2018 7:29 PM

208	I moved here 5 years ago. I rent a house, work, and own a business in franklin. Would love to be able to afford to buy a place here someday.	2/15/2018 7:11 PM
209	Please do not overcrowd the Hill property. That intersection by sonic and the lot cannot support a residential area.	2/15/2018 7:04 PM
210	We have enough recreational space. Something like more affordable housing for police, fire, & other mid range earners is most needed.	2/15/2018 7:02 PM
211	We love Franklin! They have done such an amazing job protecting the history of the town. I would hate to slowly become a Spring Hill. There is cheap housing everywhere & it's hideous.	2/15/2018 6:59 PM
212	Please keep Franklin as green/land as possible	2/15/2018 6:58 PM
213	I am a realtor in the area and affordable housing is in high demand and I would love to have an option to share with the young families or my older folks looking to downsize.	2/15/2018 6:49 PM
214	I have been so blessed with local landlords that have given me affordable housing. We have built a trusting relationship and it has been such a blessing.	2/15/2018 6:41 PM
215	I live just outside Franklin, in Forest Hills, near Old Hickory/Hillsboro intersection.	2/15/2018 6:35 PM
216	Been a resident since 1999 and this is no longer a sweet small town. Overcrowded and losing its quaintness.	2/15/2018 6:35 PM
217	In general, I think that there's too much building without the infrastructure in place to handle it. Traffic is much worse and it takes much longer to get from point A to point B. What drew us to the area when we were relocated to this area is not nearly as prevalent now. We liked the quaint small town feel with plenty of free parking in Franklin.	2/15/2018 6:34 PM
218	It is too small a space to put in ANY kind of residential be it housing, apartments or town homes. For heavens sake! Leave it green!	2/15/2018 6:22 PM
219	I AM A STRONG SUPPORTER OF FRANKLIN AND ITS COMMUNITY....SHOPPING, ACTIVITIES, ETC. I SPEND DOLLARS, TIME AND PROMOTE.	2/15/2018 6:21 PM
220	It appears the Franklin planners have failed to plan with the present road infrastructure in mind. Franklin has done a great job in attracting tourists and northern transplants. Those transplants are busy trying to undermine what attracted them to Franklin and Williamson County. Many are getting involved in committees and government. The traffic is atrocious and getting worse. Mack Hatcher should have been completed 10 years ago. Its time to stop the shoe-horning of more people into the city. With property values rising annually, it seems the county and city could utilize the tax money more frugally. We just raised the sales tax - most voting out of self-defense to avoid further property taxes. I hear that was in vain as tax increases are in the planning. There is a dearth of "affordable housing" in Franklin which precludes younger and more modest income families from enjoying the benefits of the family oriented Franklin. We need those families too. Otherwise we become like Brentwood. That's not a good thing.	2/15/2018 6:16 PM
221	I was born here and the constant building of shotgun homes is ruining what was once a great town.	2/15/2018 6:13 PM
222	Thank you for asking.	2/15/2018 6:11 PM
223	We need more recreational areas!	2/15/2018 6:07 PM
224	Thanks for the opportunity to give our input	2/15/2018 6:06 PM
225	Franklin is a beautiful city. Let's keep it that way. No cookie-cutter, crackerbox houses shoved up next to each other on tiny lots - please. There are other places (the corner of Glass Street and New Hwy 96, near Johnson Elementary) where it literally looks like a ghetto - tear those terrible places down and put nicer housing there. Literally, anything would be better than what's there now.	2/15/2018 6:04 PM
226	I've lived here for 32 years.	2/15/2018 5:52 PM
227	I've lived in franklin for 30+ years.	2/15/2018 5:50 PM
228	I live across the intersection from this site, over in Chestnut Bend subdivision.	2/15/2018 5:48 PM
229	Enough is enough. when housing is developed in the lower income area, it does not benefit the majority of those needing the housing. Housing quickly becomes..."project" type housing.	2/15/2018 5:45 PM
230	No one is going to say, "Wow, what a great place to live, the houses are squeezed into that property." However, this is a prime opportunity to add a beautiful park to a main corridor going into Historic Franklin. This sets the tone of where we want to be in the future, a well planned city with plenty of amenities.	2/15/2018 5:45 PM
231	No, homes, no business, green space.	2/15/2018 5:43 PM

232	We desperately need to provide affordable housing in Franklin. Tasteful, but affordable.	2/15/2018 5:38 PM
233	35-year resident.	2/15/2018 5:38 PM
234	Franklin can not support the influx of housing in its school systems. The Farms and large recreational space is diminishing so fast, let's add to outdoor recreational living.	2/15/2018 5:36 PM
235	since 1981	2/15/2018 5:33 PM
236	I live in cool springs on the Brentwood side but am typically driving through franklin all day	2/15/2018 5:30 PM
237	If homes are built there,I would love to see town homes built that are more affordable than Willowsprings or West Haven...but still lovely... just not priced so high. I would buy one of those. They would go like hotcakes.	2/15/2018 5:30 PM
238	This is absolutely the wrong location for residential uses. The entire site could be cut off because of flooding. The concepts above do not seem to take environmental constraints into consideration. The City should follow the recommendations of Envision Franklin, which call for Recreational uses on this site. The Plan was adopted in 2017- what has changed that would alter the future land use policy for this site?	2/15/2018 5:28 PM
239	Our town is being overrun with development...you are ruining a wonderful, quaint town with constant development ...please stop!!	2/15/2018 5:26 PM
240	We need more green space	2/15/2018 5:26 PM
241	We moved here 3.5 years ago. Had I known it was going to be developed in a very distasteful way I would have never moved here. Keep Franklin a peaceful place and quite developing.	2/15/2018 5:25 PM
242	I grew up here and really do not like seeing what has become of Franklin. Change and growth are good, but not at the expense of running the citizens out that have only known Franklin. Many original Franklinites cannot afford to live here. We need lower-priced homes so that the young adults that grew up in Franklin and remember the great little town as it used to be, can live here.	2/15/2018 5:18 PM
243	I'd love to see the results of this survey printed up somewhere.	2/15/2018 5:17 PM
244	I do not like that the backs of the townhomes/houses will be visible from Hillsboro Rd. The way it is currently designed,the housing products look like low income housing. Look at Franklin's Vandalia Cottages neighborhood as a better concept for land use that puts the primary focus on connectivity between houses instead of on the vehicle. I also am not a fan of the pedestrian bridge.	2/15/2018 5:16 PM
