Proposed Parking: 3

SERVICE CONNECTION DETAIL
SCALE: 1" = 10'
** REFER TO PLUMBING PLANS FOR CONTINUATION

Notes:

- The project site is located on Eastwind Court in Franklin, TN, and is within the 9th Civil District. The property is referenced as Map 79J, Group B, Parcel 9.00 on the Williamson County tax maps.
- Survey information provided by Crawford and Cummings, PC.
- The acreage of this development is ±2.50 acres.
- There are no individual list National Registered historic structures within 500' of the site.
- No mineral rights are known to be held by parties outside of the property owner.
- Adequate turning movements shall be provided for utility and service vehicles.
- Based on graphic plotting of FEMA FIRM map 47187C0212F dated September 29, 2006, a portion of this site is located within Zone X which is determined to be outside of the 500-year floodplain.
- All public improvements shall be located within an easement.
- All signs shall comply with the latest edition of the MUTCD.
- All pavement markings shall be thermoplastic per the latest TDOT specifications.
- Contractor is responsible for obtaining a current copy of the Geotechnical Report for information on site specific conditions and recommendations.
- A 20' incompatible use buffer is required along the southern property line. The width of the buffer can be reduced to 15' with the addition of a fence meeting zoning ordinance standards.
- New structure shall be sprinklered per local code.
- Proposed electric gate shall be provided with siren operated sensors and a secondary method of operation.
- Electric gates shall be equipped with a battery backup.
- No employees are to be located on this parcel. Parking for the site is provided on parcels with employees. Parking for patrons is provided on site.
- It is contractor's responsibility to contact Franklin Water Management, no less than 72 hours prior to commencing work, for existing underground utility locations.
