Mr. King stated that a concept plan for the McEwen Place Planned Unit Development (PUD) Subdivision was approved in 2006 and revised in both 2009 and 2010. The current development plan revision is a further refinement of the 2010 'bubble diagram' for two of the lots within the currently vacant section, north of McEwen Drive. This development plan revision applies to the two lots shown and requires a vote by the Planning Commission. Staff recommends approval with conditions for this development plan revision.

Vice Chair Lindsey asked for citizen comments. There were none.

Mr. Gary Vogrin, of Kiser-Vogrin Design, represented Boyle Development, and stated that they were in agreement with all of the conditions of approval, and he requested approval from the Planning Commission.
