

An aerial photograph of a modern, multi-story city building at dusk. The building has a mix of white and dark grey panels and large glass windows. In the foreground, there is a playground with a circular path, a swing set, and a climbing structure. The sky is dark with some clouds, and distant hills are visible in the background.

CITY OF FRANKLIN

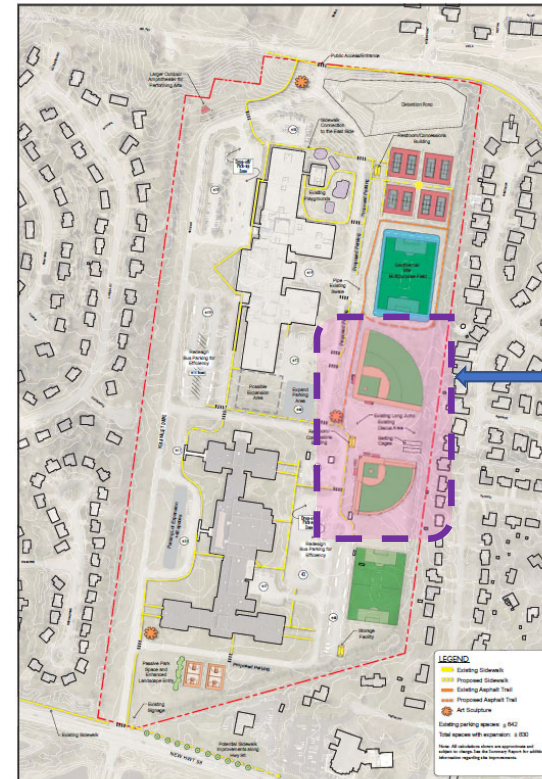

Parks & Recreation and F.S.S.D.

WHERE DID WE START?

Summary Report

Overall Concept Plan

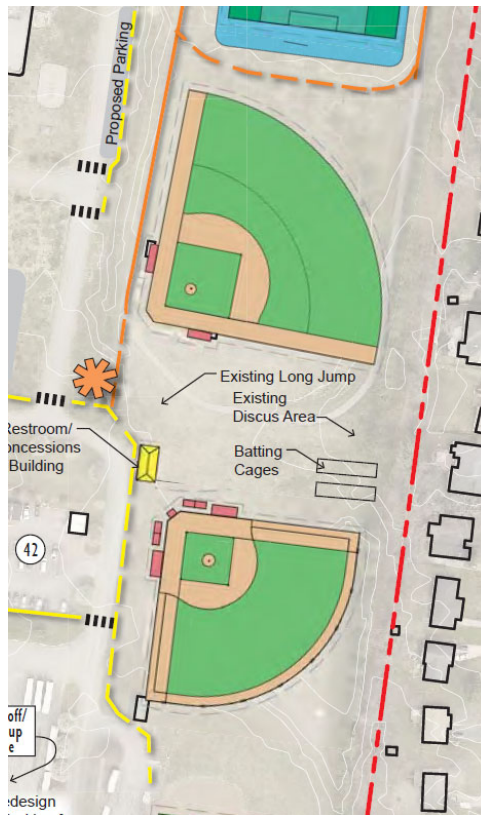

Franklin Special School District
Freedom Middle/Poplar Grove Preliminary Concept Plan
September 20, 2017

CITY OF FRANKLIN – Freedom Middle and Poplar Grove Middle Schools

HOW IS IT DIFFERENT FROM THE ORIGINAL CONCEPT PLAN?

Preliminary Concept Plan from report

- Evaluate program elements
- Create the campus feel
- Regulation sizing of elements
- Location and orientation of elements
- Building location and orientation
- Pedestrian connections to parking
- Walking path and circulation
- Stormwater coordination
- Electrical service
- Water service
- Sewer service

This is more than just a renovation -
Infrastructure upgrades are needed for
both the site and the individual fields.

ADDITIONAL NOTES

- Unless otherwise noted, all unit prices reflect the furnishing of all labor, mobilization, materials, supplies, services, etc. and all items of cost, combined (profit, insurance, taxes, fees, permits, etc.)
- Unless otherwise noted, all unit prices DO NOT include earth moving necessary for installation; earth moving shall be reflected in specified line items (e.g. Earthwork, Underdrain, etc.)
- All unit prices are current as of the date listed on the document.
- Estimates of construction quantities and opinion of probable costs provided by us are made on the basis of our experience and the level of design. They represent our best judgment as design professionals. We warrant and do not, however, guarantee that the actual construction quantities or costs will not vary from our quantities and cost estimates. Cost & Quantity tables to warranty, represent or implied, for the accuracy of such estimates as compared to bid or actual costs.

ADDITIONAL NOTES						
1. Unless otherwise noted, all unit prices reflect the furnishing of all labor, mobilization, materials, supplies, services, etc. and all items of cost, overhead, profit, insurance, taxes, fees, permits, etc.						
2. Unless otherwise noted, all unit prices DO NOT include earth moving necessary for installation; earth moving shall be reflected in specified line items (e.g. Earthwork, Undercutting, etc.)						
3. All unit prices are contingent on the data listed on this document.						
4. Estimates of construction quantities and opinion of probable costs provided by us are made on the basis of our experience and the level of design. They represent our best judgment as design progresses. We cannot and do not, however, guarantee that the actual construction quantities or costs will not vary from our quantities and cost estimates. Lose & Associates makes no warranty, expressed or implied, for the accuracy of such estimates as compared to bid or actual costs.						

Phased Plan

Pros
Smaller initial cost

Cons
Larger overall cost
Utilities
Stormwater

\$2.5m
