SECTION I. Pursuant to the provisions of *T.C.A.* § 6-51-102, as amended, there is hereby adopted, for the area bounded as described above, the following Plan of Services:

- A. Water
 - 1. The Property is located within the Milcroften service area.
 - 2. Water availability shall be approved and provided through Milcroften prior to annexation.
 - 3. The Owner shall be required to provide adequate fire flow and pressure to the Property.

B. Reclaimed Water

1. According to the City of Franklin's Municipal Code, reclaimed water systems shall be extended to a development if the development is located within 1,000 feet of an existing reclaimed water line.
2. In the case of this Property, an extension well over 1,000 feet would be required to serve the Property. For this reason, reclaimed water will not be required to be extended to the Property.

C. Wastewater

1. The Property lies within the Goose Creek Basin as defined in the City of Franklin Sanitary Sewer Basin Study.
2. The proposed development of the Property is anticipated to construct several hundred feet of sanitary sewer main that will tie onto the sewer main being constructed through an easement on the 4360 Long Lane Parcel by the Ladd Park Subdivision.
3. The Owner shall be required to extend the sanitary sewer main approximately 1500 linear feet to provide service to the Property.
4. The City of Franklin Sanitary Sewer System Basin Plans show this as an 8 inch sanitary sewer main.
5. The Owner shall be required to submit engineering calculations to determine final sizing requirements.
6. The Owner shall be required to provide Engineering design, construction, easements, rights-of-way and the costs associated with the on-site sanitary sewer infrastructure required to serve the development of this Property.
7. The Owner shall be responsible for the payment of fees per the policies and procedures outlined in Franklin Municipal Code.

2. Reconstruction and resurfacing of streets, routine maintenance, and installation of storm drainage will be accomplished under existing City policies.
3. Access to the Property shall be provided from Long Lane.
4. Unless waived by the Franklin Engineering Department, the Owner of the Property shall be required to submit a traffic impact study prior to submitting a development plan for review and approval. The roadways constructed as part of this development shall comply with City Street Standards.

Streams, trees, and hillsides and hilltops shall be preserved and enhanced. This area is recommended to have a major park system. The South Carothers Road extension to Peytonsville Road is critical for adequate interconnectivity. The potential I-65 crossing design should be integrated into a street network for optimum coordination and connectivity. The Baskin property should have safe and efficient access.
 3. Smaller lots should not be located on the exterior of a proposed development adjacent to, or across the street from, larger lots of an existing platted development of ten lots or more. However, if the applicant proposes an alternative, and if potential conflicts will be created, the applicant shall give justification as to how they will be mitigated or avoided. Upon annexation, the Property will be zoned by the Board of Mayor and Aldermen, pursuant to the requirements of the Franklin Zoning Ordinance with a base zone district, Overlay District, Character Area Overlay District, and designated as a Conventional or Traditional Area.
