Honorable Ken Moore, Mayor of Franklin, Tennessee
Members of the Board of Aldermen

Greetings,

I have lived in Franklin, Tennessee all my life and witnessed its growth.

Franklin has had some racial problems but nothing like that experienced by the Citizens of Charlottesville, VA.. I pray that this never happens here.

After reading the proposal presented by the Committee for telling a "Fuller Story", I believe this is a way to make sure that Franklin remains the City that it is, a city that respects all its Citizens.

I hope that you and the Board will give this very worthwhile project its support.

Sincerely,

A handwritten signature in cursive script that reads "Mary Mills".
