Mayor Ken Moore  
Members of the Board of Mayor and Alderman  
c/o Eric Stuckey, City Administrator  
Franklin City Hall  
238 Third Avenue South  
Franklin, Tennessee 37064

Dear Mayor Moore,

On behalf of the Williamson, Inc. Board of Directors and staff, it is my pleasure to write in support of the four proposed historical markers in the City of Franklin. Our board voted unanimously to support this important project.

We believe presenting a more complete account of Franklin's shared history provide an opportunity to more fully educate our community and visitors to our community. We also believe these markers will present Franklin's history in an inclusive manner, which is incredibly important to our organization and our business community. The addition of these facts in a prominent location broaden the story of Franklin's history. We enthusiastically support the proposed project and applaud the spirit of unity underlying this effort.

Again, we are happy to support the four proposed historical markers, as we know it will help educate our residents and businesses and provide additional necessary context to complete Franklin's Civil War-era story.

Sincerely,

A handwritten signature in black ink, appearing to read "Matt", followed by a large, stylized flourish that extends across the line.

Matt Largen  
President and CEO  
Williamson, Inc.
