EXHIBIT B – Meals-On-Wheels

STATEMENT OF WORK AND PROGRAM OBJECTIVES

The Agency 2018-2019 Statement of Work and Program Objectives (description of program) shall include:

1. Meals-On-Wheels will accept referrals from Doctor's offices, Community Partners, and individuals at large.
2. Meals-On-Wheels will serve 2,297 home delivered meals to eligible seniors in Franklin.
3. Meals-On-Wheels will recruit volunteers to deliver meals and assist with Holiday projects and Nourishing Notes to foster a sense of family with home bound seniors.

Over 1 in 5 Tennessee seniors is hungry. Thirty percent of seniors are choosing between food and medicine, and 35% are choosing between food and heat/utilities. The funding from City of Franklin will be used to help serve 2,297 meals to residents of Franklin. These nutritious meals provide 1/3 of the Required Daily Intake. By having a nutritious meal, the health of the seniors is maintained or increased helping seniors be able to stay at home longer and independent without institutionalization. Furthermore, by having Meals-on-Wheels, they should be able to take money they were using for food and use it for medicine and utilities, also assisting to maintain or improve their health.

The meals are delivered by caring, dedicated volunteers who often foster a sense of family for a lonely senior. On average, 45-50% of the seniors served by the program live alone so the volunteer visit is extremely important. In a 2012 study by the University of California, it was determined that seniors have a 45% greater chance of death and a 59% greater chance of some type of decline if they reported themselves as lonely. The impact of the volunteer visit is a catalyst in helping seniors feel less lonely which can improve both their emotional and physical health.

EXHIBIT C – Meals-On-Wheels

The Homemaker Program's objective is to safely enable elderly and/or disabled persons to remain in the home for as long as possible; free of abuse, neglect, or exploitation. This is accomplished by assisting clients with a unique plan of care that addresses their needs. Service might include routine household tasks, budgeting and bill paying, meal preparation, shopping, transportation to appointments, assistance with resources, and personal care. INDEPENDENT AUDITORS' REPORT

**To the Board of Directors of
Mid-Cumberland Human Resource Agency:**

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Mid-Cumberland Human Resource Agency, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise Mid-Cumberland Human Resource Agency's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Mid-Cumberland Human Resource Agency, as of June 30, 2017, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 6 through 11 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Mid-Cumberland Human Resource Agency's basic financial statements. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedules of expenditures of federal and state awards are presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the State of Tennessee, and are also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedules of expenditures of federal and state awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedules of expenditures of federal and state awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated February 13, 2018, on our consideration of Mid-Cumberland Human Resource Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Mid-Cumberland Human Resource Agency's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Mid-Cumberland Human Resource Agency's internal control over financial reporting and compliance.

Management's Discussion and Analysis
For the Year Ended June 30, 2017**

Mid-Cumberland Management's Discussion and Analysis (MD&A) section provides a financial analysis for the year ended June 30, 2017. Please read this section in conjunction with the Agency's financial statements.

FINANCIAL HIGHLIGHTS

- The Agency's net position increased by \$88,889 (1%) from \$11,057,238 in 2016 to \$11,146,136 for 2017. The moderate increase was attributed to continued performance in Governmental activities and capital outlays.
- The Agency's cash balance increased by \$1,282,571 (19%) from \$6,665,260 in 2016 to \$7,947,831 for 2017. Accounts Receivable decreased by \$1,465,361 (41%) from \$3,581,385 in 2016 to \$2,116,024 for 2017. The increase in cash and decrease in accounts receivable is attributed to better performance in federal and state grantor payments.
- Total Current Assets decreased by (1%) from \$10,246,645 in 2016 to \$10,112,626 in 2017. This decrease is mostly attributed to decreases in accounts receivable and accounts payable.
- The Agency's Governmental funds income before financing sources/uses decreased for 2017 compared to 2016, reporting a decrease of \$237,309 due to reductions in TennCare revenue.
- The unrestricted net position for the Agency increased by \$132,436 (2%) from \$8,584,253 in 2016 to \$8,716,689 for 2017.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Agency's annual report consists of a series of financial statements. These statements include government-wide financial statements, fund financial statements, and the related notes to these statements. The report also includes additional supplementary information for these statements. Government-wide statements present the Agency's overall financial activities as a whole. Fund financial statements provide more detailed information about specific Agency funds. The remaining statements provide financial information about activities for which the Agency acts solely as a trustee.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The Agency's annual report contains two government-wide financial statements; the Statement of Net Position and the Statement of Activities. These statements report, on an accrual basis, all assets and liabilities and the changes in them. This reporting provides a way to measure and assess the Agency's overall financial health. Increases or decreases in the Agency's net position provide good insight about whether the Agency's financial condition is improving or deteriorating. Other non-financial information should also be considered in this assessment.

The Statement of Net Position and the Statement of Activities have only one type of activity:

- Governmental Activities – The Agency's services are reported in this activity group, including Rural Transportation services, Meals on Wheels and Senior Dining, Homemaker/Companion services, Community Corrections, Youth CAN, Misdemeanor services, Ombudsman services, WIC assistance and Representative Payee services. The general fund is also reported in this group. Federal and state grants, local governments, United Way agencies, local contributions and program income fund these activities.

FUND FINANCIAL STATEMENTS

The Agency establishes and maintains funds to manage and control monies for specific services and functions. Within the basic financial statements, fund financial statements focus on the Agency's funds rather than the Agency as a whole. They also help assure compliance with financial laws and regulations. The Agency's two significant fund types are as follows:

- Governmental funds - Most of the Agency's services (see Governmental Activities above) are reported in the governmental funds. They are reported on the modified accrual accounting basis. These funds focus on the inflows and outflows of monies and the year-end balances, providing a view of available financial resources.
- Proprietary fund – The Agency's internal service fund is reported as a proprietary fund. This fund is used to provide supplies and services for the Agency's other programs and activities. They report activities equivalent to the reporting of the Statement of Net Position and the Statement of Activities.

THE AGENCY AS TRUSTEE

The Agency's fiduciary activities are reported on the Statement of Changes in Fiduciary Assets and Liabilities – Agency Fund. These activities are excluded from the Agency's other financial statements since these assets cannot be used to finance its operations.

NOTES TO THE FINANCIAL STATEMENTS

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Increase in Net Position	\$ 89	\$ 294	(70)%

The Agency's net position increased by \$88,889 (1%) in 2017 to \$11,146,136. This amount included the net increase in fund balances for all governmental funds of \$46,447 the net effect on disposition of assets (\$3,124), and the amount by which capital outlays exceeded depreciation \$45,575.

The Agency's total revenues (before interest income, gain (loss) on disposal of assets, and miscellaneous items) increased by \$737,298 (4%) from \$16,761,423 in 2016 to \$17,498,721 in 2017. Total expenses increased by \$969,530 (6%), from \$16,476,874 in 2016 to \$17,446,404 in 2017. These increases are attributed to the increases in Youth Can revenues related to expansion of service areas.

Total Current Assets decreased by \$134,019 (1%) from \$10,246,645 in 2016 to \$10,112,626 for 2017. Total Current Liabilities decreased by \$266,455 (16%) from \$1,662,392 in 2016 to \$1,395,937 in 2017.

The Agency's cash balances increased by \$1,282,571 (19%), from \$6,665,260 in 2016 to \$7,947,831 in 2017. Agency receivables (excluding internal balances) decreased by \$1,465,361 (41%) from \$3,581,385 in 2016 to \$2,116,024 for 2017. The increase in cash and decrease in accounts receivable is attributed to better performance in federal and state grantor payments.

Mid-Cumberland's funding continues to be derived predominately from federal and state grants, and program service income from managed care organizations. The Agency is continually seeking cost controls and pursuing other funding sources to continue the agency's growth in delivery of services.

AGENCY FUND ANALYSIS

The Agency's operations report in one significant fund. The analysis for this fund is below:
Governmental funds – The governmental funds' financial performance decreased in 2017. The fund reported a decrease in revenues over expenditures of \$237,309 (97%) in 2017, from \$244,051 in 2016 to \$6,742 in 2017. The unassigned fund balance for 2017 was \$9,436,114.

CAPITAL ASSETS AND DEBT ADMINISTRATION

The Agency's capital outlay for 2017 was \$720,056. These additions were mostly attributed to vans for the transportation program. See note 3 for additional capital asset details.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

Mid-Cumberland contracts primarily with Agencies with the state of Tennessee and managed care organizations; therefore they are not directly affected by macroeconomic factors. However, the state, federal and local governments and managed care organizations are affected by these factors, indirectly affecting Mid-Cumberland's grant and operating budgets. These effects can be positive or negative due to the economic environment. The Agency expects continued downward pressure on transportation revenues as new MCO contracts were awarded to brokers in January 2016. The Agency also continues to streamline personnel to reduce costs and implement strict cost control oversight to assure the Agency remains within its budgetary spending limits on a grant by grant basis.

MID-CUMBERLAND HUMAN RESOURCE AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2017

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Financial Reporting Entity -

The Mid-Cumberland Human Resource Agency (the Agency) was established in 1974 in accordance with the Title 13, Chapter 26, as amended, of the Tennessee Code Annotated. This legislation provides a regional system to deliver human resource programs in the state's counties and cities. The Agency is governed by a Board that consists of the county mayor of each county within the Agency's service district, the mayor of each municipality within the district, a state representative and senator within the district and a local representative appointed by the county judge of each service district. The Agency is also governed by a policy council that consists of two representatives from each county served and two legislators. For financial reporting purposes, the Mid-Cumberland Human Resource Agency includes all fund types and account groups over which the Board of Directors exercises primary financial accountability.

Basis of Presentation -

Government-Wide Statements:

The statement of net position and the statement of activities display information about the primary government (the Agency). These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities generally are funded through federal and state grants, county and local government contributions, charitable contributions, intergovernmental revenues, and contract and program fees.

The statement of activities presents a comparison between the direct expenses and program revenues (charges for services, operating grants and contributions, and capital grants and contributions) for each function of the Agency's governmental activities. Direct expenses are those that are specifically associated with a function and therefore clearly identifiable to that particular function. Indirect expenses have been allocated to major functions in order to present a more accurate and complete picture of the cost of services.

This government-wide focus is more on the sustainability of the Agency as an entity and the changes in the Agency's net position resulting from the current year's activities.

Governmental Fund Financial Statements:

The fund financial statements provide information about the Agency's funds. The emphasis of fund financial statements is on the major funds in the governmental funds. All remaining governmental funds are aggregated and reported as nonmajor funds.

The Agency reports the following major funds:

General Fund:

The general fund is used to account for all resources not specifically accounted for in another fund.

NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2017

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Basis of Presentation (continued) -

Governmental Fund Financial Statements (continued):

Special Revenue Funds:

Transportation Programs -

This fund accounts for revenues and expenditures of the Agency's various transportation operations (i.e., Public Transportation, New Freedoms and DOT Capital Grants). The fund utilizes Section 5311 of the Urban Mass Transit Act, Title III-B of the Older Americans Act and other funds available through the Tennessee Department of Transportation as its three major revenue sources. Revenues are also received through contracts with TennCare and other agencies within the region.

Nutrition Programs -

This fund accounts for revenues and expenditures of the Agency's various nutritional operations (i.e., Meals-On-Wheels and congregate meals). The fund receives revenue from the Older Americans Act through the Area Agency on Aging and Disability at the Greater Nashville Regional Council. Financial support is also received from the Tennessee Commission on Aging and Disability, the State of Tennessee, United Way, United States Department of Health and Human Services, sponsors, foundations and memorials.

Youth Can Programs -

This fund accounts for revenues and expenditures of the Agency's activities of the Agency's various youth programs (i.e., Youth Can). The fund receives revenue from the U.S. Department of Labor, various Tennessee Department of Labor, and Workforce Areas along with United Way, local Chambers of Commerce, local governments, and other various local sources.

Measurement Focus, Basis of Accounting -

The accounts of the Agency are organized on the basis of funds. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Government-Wide Financial Statements:

Government-wide financial statements include a statement of net position and statement of activities. These statements present a summary of governmental activities for the Agency. Fiduciary activities of the Agency are not included in these statements.

These statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all the Agency's assets and liabilities, including capital assets and long-term liabilities, are included in the accompanying statement of net position. The statement of activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred. The types of transactions reported as program revenues for the Agency are reported in three categories: 1) charges for services, 2) operating grants and contributions, and 3) capital grants and contributions.

Measurement Focus, Basis of Accounting (continued) -

Government-Wide Financial Statements (continued):

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, payables, and receivables. All internal balances in the statement of net position have been eliminated. In the statement of activities, internal services fund transactions have been eliminated.

Governmental Fund Financial Statements:

Governmental fund financial statements include a balance sheet and a statement of revenues, expenditures and changes in fund balances for all major governmental funds and non-major funds aggregated. An accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net position and changes in net position presented in the government-wide financial statements. The Agency has presented all major funds that met those qualifications.

All governmental funds are accounted for on a spending or "current financial resources" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the balance sheets. The statement of revenue, expenditures, and changes in fund balances present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in fund balances. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. Accordingly, revenues are recorded when received in cash, except that revenues subject to accrual (normally 90 days after year-end) are recognized when due. The primary revenue sources, which have been treated as susceptible to accrual by the Agency, are federal grants, state grants, local programs, and program income. Expenditures are recorded in the accounting period in which the related fund liability is incurred.

Proprietary Fund Financial Statements:

Proprietary fund financial statements include a statement of net position, a statement of revenues, expenses, and changes in fund net position, and a statement of cash flows. The only proprietary fund is the internal service fund. The internal service balances and activities have been combined with the governmental activities in the government-wide financial statements. The cost of these services is allocated to the appropriate function/program in the statement of activities.

Agency Fund:

Agency fund is used to account for amounts held in trust for others. These amounts are incidental and held for a short period of time. The Agency collects monies from the Social Security Administration to be given to recipients of the Social Security Program.

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Cash and Cash Equivalents -

The Agency considers currency on hand and demand deposits with financial institutions to be cash. The Agency considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. State statutes authorize the Agency to invest in obligations of the U.S. Treasury, bank certificates of deposit, state approved repurchase agreements and pooled investment funds, and state or local bonds rated A or higher by a nationally recognized rating service. At June 30, 2017, the Agency had no cash equivalents.

Prepaid Items -

Payments made to vendors for services that will benefit periods beyond June 30, 2017, are recorded as prepaid items using the consumption method by recording an asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed. At the fund reporting level, an equal amount of fund balance is reserved as this amount is not available for general appropriation.

Use of Estimates -

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from the estimates.

Capital Assets -

The Agency's capital assets, which include land, building and improvements, furniture and fixtures, computers, software and peripherals, and vehicles, are reported in the applicable governmental columns in the government-wide financial statements. Capital assets are defined by the Agency as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost. The cost of normal maintenance and repairs that do not add to the value of the assets or materially extend the assets' lives are not capitalized.

Capital assets of the Agency are being depreciated using the straight-line method over the following estimated useful lives:

Building and improvements	7-25 years
Furniture and fixtures	5 years
Computers, software and peripherals	3-5 years
Vehicles	5 years

Equipment acquired with grant funds, and recorded in these financial statements, may require that the grantor retain an equity interest in the asset. Grantor agencies may also maintain the right to determine the use of the proceeds from the sale of these assets.

Regular part-time employees' maximum PTO accumulation cannot exceed 80 hours.

Income Taxes -

The Agency is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code and is exempt from federal income taxes on related income pursuant to Section 501(a) of the Code.

The Agency accounts for uncertain tax positions with provisions of FASB ASC 740-10 "*Accounting for Uncertainty in Income Taxes*" which provides a framework for how companies should recognize, measure, present and disclose uncertain tax positions within the financial statements. The Agency may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The Agency does not have any uncertain tax positions as of June 30, 2017. As of June 30, 2017, the Agency did not record any penalties or interest associated with uncertain tax positions.

The Agency files information returns in the U.S. federal jurisdictions. With a few exceptions, the Agency is no longer subject to U.S. federal examinations by tax authorities for the years before 2014.

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Interfund Transactions -

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in enterprise funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented in the financial statements.

Budgetary Process -

The Agency does not have an annual appropriated budget. The grant documents serve as the financial plans for budgetary purposes.

Deferred Outflows/Inflows of Resources -

In addition to assets, the financial statements will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then.

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to future period(s) and will not be recognized as an inflow of resources (revenue) until that time.

As of June 30, 2017, the Agency did not have any deferred outflows or inflows of resources.

(2) CASH:

Cash includes amounts in demand deposits with financial institutions.

The bank balances held in demand deposits are either insured or collateralized by the Federal Deposit Insurance Corporation or the State of Tennessee Bank Collateral Pool and are not subject to custodial credit risk.

The Agency's bank balances are categorized to give an indication of the level of risk assumed by the Agency. The categories are described as follows:

Category 1 - Insured or collateralized with securities held by the entity or by its agent in the entity's name.

Category 2 - Collateralized with securities held by pledging financial institution's trust department or agent in the entity's name.

Category 3 - Uncollateralized.

(5) FUND EQUITY:

Fund equity at the governmental fund reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

Fund Balance -

Generally, fund balance represents the difference between the current assets and the current liabilities. In the fund financial statements, governmental funds report fund classifications that comprise a hierarchy based primarily on the extent to which the Agency is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

MID-CUMBERLAND HUMAN RESOURCE AGENCY
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2017

(5) FUND EQUITY (Continued):

Nonspendable - Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

Restricted - Fund balances are reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Committed - Fund balances classification includes amounts that can be used only for the specific purposes determined by a majority vote of the Board of Directors (the Agency's highest level of decision-making authority). The Board of Directors also may modify or rescind the commitment.

Assigned - Fund balances are reported as assigned when amounts are constrained by the Agency's intent to be used for specific purposes, but are neither restricted nor committed. Intent can be expressed by the Board of Directors or by an employee or body to which the Board of Directors delegates the authority.

Unassigned - Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The Agency reports positive unassigned fund balance only in the general fund. Negative unassigned fund balances may be reported in all other funds.

Flow Assumptions -

When both restricted and unrestricted amounts of the fund balance are available for use for expenditures incurred, it is the Agency's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the Agency's policy to used fund balance in the following order:

Committed
Assigned
Unassigned

Net Position -

Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used (i.e., the amount that the Agency has not spent) for the acquisition, construction or improvement of those assets. Net position reported as restricted is as described in the fund balance section above. All other net position are reported as unrestricted.

(6) PENSION PLANS:

The Mid-Cumberland Human Resource Agency Profit Sharing Plan (the Plan) provides pension benefits for all its eligible employees through a defined contribution plan administered by Wells Fargo, N.A. In a defined contribution plan, benefits depend solely on amounts contributed to the plan plus investment earnings. Employees are eligible to participate after 12 months and 1,000 hours of employment. Under the Plan, the Agency currently contributes 6.5% of each employee's eligible compensation. The Plan does not permit employee contributions. A participant is 100% vested after two years of credited service in the Agency's contribution to their account. Contributions are forfeited upon termination of employment and such forfeitures are used to reduce the Agency's contribution. The Plan provisions and contribution requirements are established and may be amended by the Agency's Board. The Agency's total contribution was \$385,772 with no forfeitures reducing this amount for the year ended June 30, 2017. As of June 30, 2017 the Agency had accrued pension expense of \$26,309, included in accrued payroll costs.

The Agency also has Mid-Cumberland Human Resource Agency 457 Retirement Savings Plan that allows employees to defer a portion of their annual compensation pursuant to Section 457 of the Internal Revenue Code. This plan is administered by John Hancock. Employees are immediately vested for all their contributions.

(7) COMMITMENTS AND CONTINGENCIES:

(7) COMMITMENTS AND CONTINGENCIES (Continued):

Risk Management -

The Mid-Cumberland Human Resource Agency is exposed to various risks of loss related to general liability; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Agency carries commercial insurance for general liability, loss of assets, employee dishonesty, and injuries to employees. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

The Agency elected to provide basic health, dental and vision insurance coverage for its employees through several commercial group insurance plans. The Agency's obligation under these insurance plans is limited to a maximum \$651 per month per employee for individual coverage, \$900 per month per employee for individual plus child(ren) coverage, \$1,199 per month per employee for individual plus spouse coverage and \$1,456 per month per employee for family coverage, based on the plan selected by the employee.

Litigation -

The Agency is subject to claims and suits arising principally in the normal course of operations. In the opinion of management, the ultimate resolution of such pending legal proceedings has been adequately provided for in the basic financial statements.

Grant Programs -

The Agency participates in numerous federal and state grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the Agency has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at June 30, 2017, may be impaired. In the opinion of the Agency, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying basic financial statements for such contingencies.

(8) SUBSEQUENT EVENTS:

Management has evaluated subsequent events through February 13, 2018, the date which this financial statement was available for issue.

COMPLIANCE

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT
AUDITING STANDARDS***

**To the Board of Directors of
Mid-Cumberland Human Resource Agency:**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Mid-Cumberland Human Resource Agency, as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise Mid-Cumberland Human Resource Agency's basic financial statements, and have issued our report thereon dated February 13, 2018.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Mid-Cumberland Human Resource Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Mid-Cumberland Human Resource Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Mid-Cumberland Human Resource Agency's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Mid-Cumberland Human Resource Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE
UNIFORM GUIDANCE**

**To the Board of Directors of
Mid-Cumberland Human Resource Agency:**

Report on Compliance for Each Major Federal Program

We have audited Mid-Cumberland Human Resource Agency's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Mid-Cumberland Human Resource Agency's major federal programs for the year ended June 30, 2017. Mid-Cumberland Human Resource Agency's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Mid-Cumberland Human Resource Agency's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Mid-Cumberland Human Resource Agency's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Mid-Cumberland Human Resource Agency's compliance.

Opinion on Each Major Federal Program

In our opinion, Mid-Cumberland Human Resource Agency, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

Report on Internal Control over Compliance

Management of Mid-Cumberland Human Resource Agency is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Mid-Cumberland Human Resource Agency's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Mid-Cumberland Human Resource Agency's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Gentlemen:

Pursuant to our telephone conversations and letters you submitted, we are accepting the ruling given you by the Wage Excise and Administrative Provisions Branch set forth in their letter of September 7, 1976, stating your organization is not a political subdivision.

Your organization has an exemption from Federal income tax under Section 501(c)(3) of the Internal Revenue Code of 1954. You also have an accepted Form SS-15 effective April 1, 1974.

Therefore, you should continue to file Form 941, employer's quarterly tax return, to report both Federal income tax and Social Security tax withheld from your employees' wages.

If you have any questions and wish to call us at 901-365-5664, Eva Williams will be able to help you. The telephone number is not toll-free.

We are closing our case file at this time.

Sincerely yours,

B. J. Fant, Chief

Key District: Atlanta
Accounting Period Ending: June 30
Form 990 Required: ☒ Yes ☐ No
Foundation Status Classification: 509(a)(1)
Advance Ruling Period Ends: June 30, 1977

Gentlemen:

Based on the information supplied, and assuming your operations will be as stated in your application for recognition of exemption, we have determined you are exempt from Federal income tax under section 501(c)(3) of the Internal Revenue Code.

Because you are a newly created organization, we are not now making a final determination of your foundation status under section 509(a) of the Code. However, we have determined that you can reasonably be expected to be a publicly supported organization of the type described in sections 509(a)(1) and 170(b)(1)(A)(vi).

Accordingly, you will be treated as a publicly supported organization, and not as a private foundation, during an advance ruling period. This advance ruling period begins on the date of your inception and ends on the date referred to above.

Within 90 days after the end of your advance ruling period, you must submit to your key district director information needed to determine whether you have met the requirements of the applicable support test during the advance ruling period. If you establish that you have been a publicly supported organization, you will be classified as a section 509(a)(1) or 509(a)(2) organization so long as you continue to meet the requirements of the applicable support test. If, however, you do not meet the public support requirements during the advance ruling period, you will be classified as a private foundation for

future periods. Also, in the event you are classified as a private foundation, you will be treated as a private foundation from the date of your inception for purposes of sections 507(d) and 4940.

Grantors and donors may rely on the determination that you are not a private foundation until 90 days after the end of your advance ruling period. In addition, if you submit the required information within the 90 days, grantors and donors may continue to rely on the advance determination until the Service makes a final determination of your foundation status. However, if notice that you will no longer be treated as a section 509(a)(1) organization is published in the Internal Revenue Bulletin, grantors and donors may not rely on this determination after the date of such publication. Also, a grantor or donor may not rely on this determination if he was in part responsible for, or was aware of, the act or failure to act that resulted in your loss of section 509(a)(1) status, or acquired knowledge that the Internal Revenue Service had given notice that you would be removed from classification as a section 509(a)(1) organization..

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Organizations that are not private foundations are not subject to the excise taxes under Chapter 42 of the Code. However, you are not automatically exempt from other Federal excise taxes.

If your sources of support, or your purposes, character, or method of operation is changed, you must let your key District Director know so he can consider the effect of the change on your status. Also, you must inform him of all changes in your name or address.

Section 3121(b)(7) of the Federal Insurance Contributions Act (FICA) and section 3306(c)(7) of the Federal Unemployment Tax Act (FUTA) provide that services performed in the employ of an instrumentality wholly owned by a state or political subdivision of a state are excepted .

from the definition of "employment." Accordingly, if your organization is a wholly owned instrumentality, remuneration for services performed for you is not subject to the taxes imposed by the FICA or FUTA. When social security coverage is desired for employees of a wholly owned instrumentality of a state or political subdivision the coverage may be obtained only by means of an agreement between the state and the Secretary of Health, Education, and Welfare, entered into pursuant to a section 218 agreement of the Social Security Act, as amended.

The waiver procedure in section 3121(k) of the FICA is not applicable to a wholly owned instrumentality of a state or political subdivision even though the particular instrumentality also qualifies for exemption from Federal income tax under section 501(c)(3) of the Internal Revenue Code.

The block checked at the top of this letter shows whether you must file Form 990, Return of Organization Exempt From Income Tax. If the Yes box is checked, you are required to file Form 990 only if your gross receipts each year are normally more than \$5,000. If a return is required, it must be filed by the 15th day of the fifth month after the end of your annual accounting period. The law imposes a penalty of \$10 a day, up to a maximum of \$5,000, for failure to file the return on time.

You are not required to file Federal income tax returns unless you are subject to the tax on unrelated business income under section 511 of the Code. If you are subject to this tax, you must file an income tax return on Form 990-T. In this letter we are not determining whether any of your present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

You need an employer identification number even if you have no employees. If an employer identification number was not entered on your application, a number will be assigned to you and you will be advised of it. Please use that number on all returns you file and in all correspondence with the Internal Revenue Service.

We are informing your key District Director of this action. Please keep this ruling letter in your permanent records.

Sincerely yours,
