Where Strategic Growth Is The Point.

2018-2023 Strategic Plan

1. Talent

Promote educational opportunities to develop the pipeline needed for growth

Education is the number one priority of Williamson County. It provides the foundation of our economic success through attracting corporate decision makers, their families, and their employees and providing the highly skilled, well-educated workforce necessary to fill jobs from existing industry and relocating companies. There is a direct link between the quality of education in an area and the workforce available for new and existing companies.

GOALS:

- Promote strong schools and highlight educational strengths in recruiting efforts
- Build connections between local companies and educational programs in the region
- Retain high school and college graduates in Williamson County
- Identify workforce trends and projections to ensure current programming aligns with future workforce needs
- Work with Williamson County Schools to develop K-12 educational programs to strengthen the long-term pipeline of talent
- Promote Tennessee Reconnect to increase the skilled labor force in Williamson County

Promote an environment of active inclusion by leading diversity awareness efforts

Williamson, Inc. has a commitment to foster inclusive workplace environments that place value on treating all employees as individuals, fairly and without bias. A diverse and inclusive community can attribute success to culture, composition, and infrastructure. Regions that are more equal and integrated have better economic performance than those regions that are homogeneous. Diversity drives innovation, inspires creativity, and encourages collaboration. Inclusion enables communities and organizations to realize the benefits of diversity. Williamson, Inc. Economic Development will play an integral role in bridging traditional divides to increase awareness of diversity in our community and cultivate a culture of inclusion.

- Support efforts to promote diversity and inclusion as essential to economic development.
- Promote diversity and inclusion awareness through educational opportunities focused on sensitivity and bias training and strategic marketing and communications
- Engage existing community partners and leaders in a task force dedicated to the growth of diversity and inclusion efforts in Williamson County

Engage in the development of intentional housing initiatives in Williamson County

Access to intentional housing has become an economic necessity throughout the nation. Williamson, Inc. recognizes the need to provide housing for all residents regardless of income, age or life stage.

- Research intentional housing initiatives in peer communities
- Identify possible public/private partnerships that support intentional housing opportunities in the region
- Work with municipalities to develop intentional housing strategies for Williamson County

2. Collaborate

Continue to improve countywide and regional cooperation

A community's ability to align efforts and work towards strategic growth across city and county lines is imperative to long term sustainability. From local zoning to state wide incentives, open communication and considerations are critical. The success of Williamson County is directly tied to the continued success of individual communities as well as the success of the region and the state. Companies looking to relocate are first determining states, then regions within a state, before deciding on specific sites. Working with our regional partners allows Williamson County to pool together resources and put Middle Tennessee on the map at the national and global level, which would be costly and difficult to achieve as one county alone. A regional approach fills the "funnel" of prospects for the region from the top, while Williamson County's continued commitment to education, low cost of doing business and high quality of life make it stand out from the rest of the region.

GOALS:

- Promote a defined economic development vision to countywide partner organizations, business leaders and local officials
- Continue developing positive relationships with regional and state economic development organizations to market Williamson County and middle Tennessee at a national and global level
- Maintain collaborative relationships and stay attuned to key policy initiatives through regular attendance at meetings of municipal, county, and state governing bodies

Support regional transportation planning efforts

The Middle Tennessee region has and continues to experience great economic growth. Moving forward, access to diverse mobility options will play a significant role in regional economic vitality.

- Develop quarterly transportation days dedicated to highlighting different forms of transportation available in Williamson County
- Engage in regional transportation conversation by partnering with regional economic development partners and transportation agencies
- Research and support transit opportunities for Williamson County

3. Retain

Continue to develop and implement a strong existing business program

A strong, targeted business retention and expansion strategy is an important element to a growing economy. Research shows 80-90% of new job growth comes from existing businesses. It is also significantly less expensive and time-consuming to help a company grow than to recruit a new company. The purpose of the Business Retention and Expansion program is to engage business leaders to uncover barriers to company growth and develop solutions to those issues.

GOALS:

- Develop positive working relationships with targeted companies in Williamson County
- Be responsive to the needs of existing companies
- Consider incentives for existing companies that are expanding and meet guidelines
- Study other successful Existing Business programs in the US
- Be the business resource center for existing businesses looking to expand

Promote a culture of entrepreneurship and small business growth

Promoting and supporting a culture of entrepreneurship attracts highly-skilled professionals seeking to work for innovative startups and provides long-term stability for an economy. The entrepreneurs of today will be the large, sustainable employers of tomorrow. Engaging them early and providing support and resources to keep them in Williamson County will be critical to the long-term success of the area.

- Promote Williamson County as a top location for entrepreneurs to start a business
- Retain successful startups in Williamson County
- Identify potential startup companies and help them grow
- Create and execute a small business strategy to better serve our small Williamson County companies

4. Recruit

Recruit targeted business sectors

Recruiting companies in targeted business sectors adds economic, civic, and social value to Williamson County. We have experienced first-hand how the right kind of company has the potential to change our economy. New companies add value to a community by bringing new jobs, increasing the diversity of the economy, adding tax revenue, and bringing corporate philanthropy. Developing targets does not mean ignoring other opportunities. A strong business climate will attract and create opportunities in many business sectors. Economic diversity is also very important to the success of a community. In a fast-moving global marketplace, it is dangerous to rely too heavily on one sector or a few large employers.

Target Sectors:

- Corporate Operations
- Health Care
- Technology
- Research & Development (R&D)

- Grow the number of high quality jobs in the county by attracting companies within targeted business sectors
- Remain competitive in the economic landscape against national baseline cities
- Increase site consultants' awareness of industry clusters within the county and recent relocations, along with the competitive advantages of locating in Williamson County
- Examine and prepare possible manufacturing sites within Fairview to market to prospective clients
- Develop an international recruitment plan that leverages access to new international flights from BNA
- Support efforts to recruit amenity-driven retail, when appropriate

5. Communicate

Increase awareness

Increase awareness of Williamson, Inc. Economic Development's role in the growing Williamson County's economy and improving the quality of life for its residents, we will regularly communicate our story to all investors and the public. Communications and marketing efforts are designed to increase awareness of the benefits of working, living, and visiting Williamson County.
