As a resident of Falcon Creek for the past 14 years, I have to say I'm very concerned about what the Carothers Chase Development means to our neighborhood. Specifically blasting right behind our homes, construction for years, congested streets that are already too narrow, cut through traffic, and the list goes on. To date, you are being extremely dismissive about our concerns. I assume if it were your neighborhood, you'd want to protect and preserve your home values, integrity, and way of life. That blasting is going to effect my house as well as many others. The cut through traffic is going to be difficult through our neighborhood. Can you tell me what is going to be done to address any of our concerns?

Thanks,

Amy Gomoljak
