Please Explain Proposed Use of the Financial Assistance from Local Governments.

Funding from the City of Franklin will provide leverage for TEAMS to increase Gentry's capacity by providing two (2) additional tutors for the school year program and one additional (1) tutor for the Summer academy in June 2020. Adding additional tutors will allow for increased one-on-one intensive tutoring for students significantly below grade level (2 or more grades behind in reading) or not performing at proficient reading levels based on TN Department of Education Common Core standards. This also allows for increased focus on specific learning needs and produces quicker learning and mastery of skills in standards-aligned reading goals.

Funding will also provide access to technology via one computer for formative assessments and 10 iPads. Many students who attend the same schools as the children served by Gentry's live in more affluent, two-parent homes and have many advantages. Gentry's children are predominantly from low-income minority families and have difficulty keeping pace with them. They only have access to technology in the classroom. Then they still have limited access and must share computers. City of Franklin funding will help transform education for low-income children by providing them with a school supply they simply do not have: an iPad. Children will use them at Gentry's to address an underlying cause of education inequity as they are not able to complete some assignments without this technology. The access to technology and the additional support at Gentry's will provide the necessary bridge to improve their educational outcomes.

City of Franklin Request	Price	Number of Items	Total
Laptop computer	\$ 1,200.00	1	\$1,000.00
Apple iPads	\$ 500.00	10	\$5,000.00
Two Tutors (Reading/Math) @ \$20.00/hour x 2 hours/day x 155 days (School Year 2019-2020)	\$6,200.00	2	\$12,400.00
One Reading Tutor @ \$20.00/hour x 4 hours/day x 20 days (Summer 2020)	\$1,600.00	1	\$1,600.00
Total			\$20,000.00

I certify that this report accurately presents the cash receipts, disbursements, and balances of Gentry's Education Center at the Store Front for the fiscal year noted above.

STATEMENT OF WORK AND PROGRAM OBJECTIVES

The Agency 2019-2020 Statement of Work and Program Objectives (description of program) shall include:

1. Introduction/Background

Gentry's Education Center at the Store Front (Gentry's) is a community-based 501c3 and works in partnership with parents and school communities in the Franklin Special School District and Williamson County to provide quality after school programming to address some of the most pressing academic and social needs of our students. Services are holistic, addressing academics and emotional health, targeting PreK-6th grade students who are economically disadvantaged, at risk of academic failure, or present emotional/behavioral issues. Gentry's projects to serve 480 students this year. Tutoring and Enrichment Achieving More Success (TEAMS) will help build a pipeline of college-ready talent focused on Science, Technology, Engineering, and Math. It will provide students from low-income families with opportunities to practice STEM skills and will help eliminate barriers to academic proficiency.

2. Scope of Work

Fiscal Year 2019-2020 work will provide tutoring, and academic enrichment for students from Johnson Elementary, Freedom Intermediate Schools, and New Hope Academy. To ensure that the most vulnerable students receive services academic data will be analyzed for targeted outreach and recruitment. Pre-kindergarten through sixth-grade students will receive initial assessments to assess reading and math abilities and individual learning plans will be developed to maximize achievement. Students will participate in tutoring and enrichment 12-15 hours per week during the school year and up to 25 hours per week in the Summer Academy (June). STEM-based (science, technology, engineering, and math) enrichment activities will provide another path to proficiency during the school year and in the Summer Academy. Certified staff will execute program activities using research-based instructional strategies that are engaging and student-centered to maximize participation and attendance. Program evaluation is essential for success; therefore, formative (quarterly) and summative (end of the program year) data will be collected regarding academic achievement, attendance, and behavior to share with stakeholders and guide program improvement.

3. Objectives

- 90% of students will attend 70 days or more in program activities by June 30, 2020.
- 70% of students will demonstrate a .8 grade level growth/gain in reading and math by the final benchmark in May 2020.
- At least 85% of teachers surveyed will indicate that students benefitted from Gentry's interventions by June 2020.
- At least 85% of parents surveyed will rate services provided by Gentry's as Helpful or Very Helpful and can name at least one academic strategy they plan to implement at home to improve reading/math abilities by June 2020.

Re: Nonprofit Allocations from the City Budget 2019-2020

Dear Ms. Hansen,

I must take this opportunity to thank the City of Franklin for its generous support of Gentry's Education Center at the Store Front! Every student in Gentry's is a success story in the making. The City of Franklin's support to Gentry's assures us that you believe in the potential of every student in our community to succeed.

Your contribution to the Gentry's Educational Foundation has been and will be a powerful catalyst to change the odds for students who have been identified as at-risk due to low academic achievement (below grade level proficiency), economic and social disadvantages, and language barriers. Thanks to supporters like you, Gentry's is expanding and moving in the right direction.

Pursuant to the guidelines set forth by the City of Franklin, enclosed is Gentry's FY2019-2020 grant agreement with signatures, and exhibit documents. We believe that strategic after school education programs have the potential to transform the lives of many struggling students and change the academic landscape of schools with high numbers of students from impoverished communities. After years of program development and implementation, Gentry's has fashioned a unique yet complimentary curriculum with a high degree of credibility among educators and funders. Gentry's leverages support from the entire community to make a lasting difference for its students in Franklin Special School District. Thanks to supporters like you, a single gift is leveraged by many others, and the impact is tremendous and far-reaching.

Thank you for sharing our deep commitment to improving the academic success for our students and strengthening our mission. With your support, we can continue to make a difference in the lives of these students by developing confident, productive, life-long learners contributing to the future success and viability of our community.

Please feel free to call me with any questions at 615-925-1033 or at hickersoneve@fssd.org.
