**Background/Staff Comments**

Berry Farms Town Center PUD Subdivision was originally approved by the BOMA at the 5/10/05 meeting. The original pattern book approved with this rezoning and concept plan contained language related to transect zones and allowed uses. The intent of this development plan revision is to clarify allowed uses within the development. The applicant is adding selected uses identified in the City of Franklin Zoning Ordinance, not originally included in the original pattern book.
