THIRD AND FINAL READING

Background Information

The purpose of proposed Ordinance 2015-51 is to amend various sections of the Zoning Ordinance pertaining to convenience stores, automotive fuel sales and automotive uses located at major intersections.

Ordinance 2015-51, as amended, will do the following:

- Prohibit convenience stores that sell gasoline and facilities for automotive fuel sales from locating adjacent to properties zoned residential or properties whose primary use is residential in nature; unless approved by the Board of Mayor and Alderman as part of a PUD Development Plan.
- Permit convenience stores, automotive fuel sales or other automotive-oriented service and sales uses from locating at intersections with the exception of the intersection of two or more major or minor arterial streets.
- Require that structures intended for automotive fuel sales or automotive-oriented service uses have pitched roofs for both the principal structure and associated canopies.

The Board of Mayor and Alderman (BOMA) held a public hearing on Ordinance 2015-51 on December 8, 2015, and considered the item on second reading. The ordinance was amended to prohibit convenience stores that sell gasoline and facilities for automotive fuel sales from locating adjacent to residentially zoned properties, or properties whose primary use is residential in nature, unless the use is approved by the BOMA as part of a PUD Development Plan. The BOMA deferred the item back to the Planning Commission for a recommendation on the proposed amendment.
