Background/Staff Comments

The requested zoning for 1268 Lewisburg Pike is Neighborhood Commercial (NC). Envision Franklin places 1268 Lewisburg Pike in the Neighborhood Commercial Design Concept and it states that parcels within this concept, "contains a mix of active uses at key intersections that serve surrounding residential concentrations." Envision Franklin supports the proposed NC zoning for this parcel.

The requested zoning for 2380 & 2390 Henpeck Lane is Civic-Institutional (CI) to support the existing and planned schools for the property. Envision Franklin places these parcels in the Large Lot Residential Design Concept, which supports institutional uses as a secondary use if, “their locations do not impact access, scale, and traffic of the surrounding area. These uses should be located at major intersections of arterial and collector streets.” The locations of the schools in the close proximity to the intersection of Lewisburg Pike and Henpeck Lane is in line with the recommendations of Envision Franklin.
