Project Information

COF Project Number: 6596

Applicant: Greg Gamble, Gamble Design Collaborative
Owner: George Tomlin

Background/Staff Comments

The applicant is proposing 18 single-family lots off Boyd Mill Avenue. The property is within the Single-Family Residential Design Concept, which supports single-family, detached residential lots. The proposed lot sizes are compatible with surrounding development. The building placement and lot width is consistent with Envision Franklin and the Zoning Ordinance. The applicant is also requesting one Modification of Standards.

Modifications of Standards

Cul-de-sac Longer Than 500'

The applicant is requesting a Modification of Standards from Section 5.10.8 (1) (d) to allow a cul-de-sac length over 500'. The applicant is proposing the linear feet to be 1,425 feet. The applicant will install residential fire sprinkler systems in the homes along the proposed street and proposed stub road to the east. The cul-de-sac length will become compliant with 500' maximum length requirement whenever development of the neighboring property occurs.

Staff recommends approval of the MOS.
