Financial Impact

In general, exercising options to extend terms of award is anticipated in the City's current fiscal year budget. Further, each department has indicated that the City's approved budget currently provides sufficient funding for the City exercising the option to extend or, if applicable, for the portion of the extended term of award to be allocated to the current City fiscal year.

Attachments

Except for the two audit services contracts listed above, copies of the notices of intent to exercise these options, as accepted by the vendor, are attached.
