### **Statements From The Land Use Plan**

BERRY'S CHAPEL SPECIAL AREA 7

#### *Land Use*

2. Clustered development and open space conservation of surrounding areas shall be encouraged (FRSAP).
3. Appropriate uses include detached and attached residential. Commercial uses shall not be considered (FRSAP).

#### *Appropriate Scale and architecture (FRSAP)*

- 5a. Attached Residential may be appropriate if it has the massing and scale of detached residential, such as the Big House or Farmstead Compound concept, which would have multiple town house or flat units but resembles detached residential.
- 5b. Architectural sensitivity for new development shall be held in the utmost regard. The style and architecture shall draw from the surrounding area and historically significant buildings. Some of the historic dwellings in the area were built in the early 19th century and possess Federal and/or Greek Revival architecture.

**Background/Staff Comments**

The proposed zoning of SD-R 13.5 is consistent with the Land Use Plan, provided the proposed development meets the appropriate scale and architecture policies of the Franklin Road Small Area Plan. The proposed use is also compatible with the surrounding properties. The Legends golf course located to the northeast of this site is zoned for Specific Development Residential (SD-R). First Presbyterian Church is located immediately to the north and is zoned for Civic-Institutional (CI). The property to the west (across Franklin Road) is located in Williamson County and is used as agricultural/farmstead. The remaining two corners of this intersection are undeveloped.

**Recommendation**

**Approval of Ordinance 2016-34 is recommended to the Board of Mayor and Aldermen.**

See attached pages for a list of staff recommended conditions of approval.

**PROCEDURAL REQUIREMENTS:**

1. If the plan receives BOMA approval, the applicant shall upload the corrected plan to the online plan review website (<https://franklin.contractorsplanroom.com/secure/>). All revisions to the approved plans shall be "clouded." With the resubmittal, each condition of approval/open issue in the online plan review system shall contain a full response from the applicant as to the satisfaction or completion of that condition.
2. The city's project identification number shall be included on all correspondence with any city department relative to this project.
