**File #:** 17-0787, **Version:** 1

---

**DATE:** September 12, 2017

**TO:** Board of Mayor and Aldermen

**FROM:** Eric Stuckey, City Administrator  
Milissa Reiersen, Communications Manager  
Andrew Orr, Principal Planner

**SUBJECT:**  
City of Franklin Litter Prevention Strategy

### **Purpose**

The purpose of this memorandum is to provide information to the Franklin Board of Mayor and Aldermen (BOMA) concerning a strategy to prevent litter.

### **Background**

At the April 7, 2017 Sustainability Commission meeting, concerns were raised about the presence of litter throughout the community. Members of Board of Mayor and Aldermen have also raised concerns regarding litter in certain areas of the community. Since that time, City staff in conjunction with the Sustainability Commission, have developed a strategy to increase awareness and prevent roadside litter and construction related trash and debris. Several City departments have contributed to the creation of the strategy and will work together in the future to ensure its success.

### **Financial Impact**

The financial impact is expected to be minimal and any costs associated with this effort can be absorbed within the existing budget.

### **Recommendation**

Staff recommends board members provide feedback and guidance on the proposed litter reduction strategy.
