**DATE:** August 21, 2019

**TO:** Board of Mayor and Aldermen

**FROM:** Michelle Hatcher, Director of Water Management

**SUBJECT:**

Reporting of Contract No. 2019-0095 Between City of Franklin and Liquid Engineering for In-service Removal of Sediment in the Ash Drive, Columbia Avenue, Curd Lane, and Goose Creek Water Storage Tanks.

**Purpose**

The purpose of this memo is to provide information to the Franklin Board of Mayor and Aldermen (BOMA) concerning the contract with Liquid Engineering for sediment removal at the City's water storage tanks.

**Background**

The Water Management Department performs routine maintenance on the water storage tanks within the potable water distribution system on a periodic basis. This contract was for this routine maintenance of cleaning sediment out of the bottom of the tanks.

**Financial Impact**

This contract was entered into for a total of \$8,190.
